

# COMPREHENSIVE ANNUAL FINANCIAL REPORT

For the Fiscal Year Ended June 30, 2000

GOVERNOR: Thomas J. Vilsack

PREPARED BY:

The Iowa Department of Revenue and Finance

# Iowa Splendor

by Lori A. Midten

As the sun awakens with a sparkle for the dew, A blossom yawns open. Breezes race across the prairie, Grasses dancing in turn. Leaves rustle in song, like the tinkling of a bell. Waters run warmer. Time seems to slow, long and full. As the sun serenades the growing shadows, The soul finds peace.

Iowa boasts 84 state parks and 99 state preserves, recognizing the need to provide Quality outdoor recreation to citizens and to preserve wildlife. As cities grow, visiting nature becomes a matter of time and availability. State parks provide the rustic environment with the convenience of man-made facilities. Though there's little land left to pioneer, man retains the need to explore, the spirit to discover.

# INTRODUCTORY

#### DEPARTMENT OF REVENUE AND FINANCE

GERALD D. BAIR, DIRECTOR

December 7, 2000

TO THE CITIZENS, GOVERNOR, AND MEMBERS OF THE IOWA GENERAL ASSEMBLY:

In accordance with Iowa Code Section 421.31(5), we are pleased to submit the Comprehensive Annual Financial Report (CAFR) for the State of Iowa for the fiscal year ended June 30, 2000. The Department of Revenue and Finance is responsible for both the accuracy of the presented data, and the completeness and fairness of the presentation. We believe the information presented is accurate in all material respects and the necessary disclosures have been made which enable the reader to obtain an understanding of the State's financial activity.

This report has been prepared in accordance with generally accepted accounting principles (GAAP) for governments as promulgated by the Governmental Accounting Standards Board (GASB).

The report is presented in three sections as follows:

- \* The **INTRODUCTORY SECTION** includes this transmittal letter, the Government Finance Officers Association (GFOA) Certificate of Achievement for the fiscal year 1999 CAFR, an organizational chart of State government, and a list of principal State officials.
- \* The **FINANCIAL SECTION** contains the independent auditor's report on the financial statements, the general purpose financial statements, the combining statements, schedules of required pension disclosures, and detailed breakdowns of General Fund revenues and expenditures.
- \* The **STATISTICAL SECTION** highlights selected financial and demographic information, generally presented on a multi-year basis.

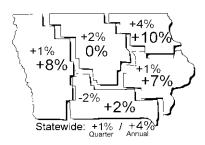

This report includes all of the fund types, account groups, departments and agencies of the State, as well as boards, commissions, authorities, and universities for which the State's executive, legislative, and judicial branches are financially accountable. The criterion considered in establishing financial accountability, as set forth by the GASB include: appointing a voting majority of the organization's governing body, and either (1) the ability to impose its will on the organization or (2) the potential for the organization to provide specific financial benefits to, or impose financial burdens on the State. It also includes component units where the nature and significance of their relationship with the State are such that their exclusion would cause the financial statements to be misleading or incomplete. The reader is directed to Note 1.B in the Notes to the Financial Statements for a more complete description of the factors used to define the reporting entity.

All activities which would generally be considered part of the State of Iowa are included in this report. These activities provide a range of services including education, health and human services, transportation, agriculture and natural resources, law enforcement, public safety, economic development, legislative, judicial, and administrative services.

# lowa personal income growth is forecast to outpace the nation through 2002

Federal Reserve Bank of Chicago Survey of Farmland Values Percent change in the value of "good" farmland July 1, 2000

### Iowa's jobless rate well below U.S. rate

#### **ECONOMIC CONDITION AND OUTLOOK**

**Personal Income**. Iowa maintained moderate personal income growth in 1999, increasing by 4.3% after growth of 3.8% in 1998 and 5.4% in 1997. The Iowa Economic Forecasting Council's current estimate for 2000 is for personal income growth to accelerate to 7.7%. The Iowa Economic Forecasting Council also predicts that growth will rise by 6.4% in 2001 and 6.5% in 2002. In real terms (adjusting for inflation), personal income growth for 2000 is projected to be 4.9%.

In the second quarter of 2000, Iowa enjoyed the second fastest growth in personal income in the nation. Iowa's 5.8% growth trailed only Delaware among the 50 states.

In 1999, median household income in Iowa increased by 9% to \$41,238. This was above the U.S. average of \$40,816. For the year, Iowa's growth rate was the third highest among the states, trailing only Delaware and Mississippi.

Both personal and household income are buoyed by Iowa's tight labor markets. Average weekly earnings are up 5.7% for the first nine months of the year 2000 compared to 1999. Average hourly earnings are up 4.2%, and the average hours worked is up to 35 hours from last year's 34.5 hour level.

Farm income continues to be a drag on Iowa's personal income growth. Excess world capacity of agricultural commodities and reduced demand has hampered Iowa grain farmers. Net farm income has declined from \$4.1 billion in 1996 and \$3.7 billion in 1997 to \$2.2 billion in 1998 and \$1.5 billion in 1999. The Iowa Economic Forecasting Council projects that farm income will decline to \$0.9 billion in 2000 but rebound to \$1.5 billion in 2001 and \$1.6 billion in 2002.

The drop in farm income has been mitigated somewhat by federal assistance. It is notable that in 1999, direct government payments to farmers totaled \$1.9 billion, which exceeds net farm income for the year.

**Farmland Values**. While the soft farm economy has had an effect on land values, there are signs that conditions are improving. The Federal Reserve Bank of Chicago's July 2000 survey of area bankers estimates that Iowa farmland values increased by 4% over the previous year. The 1999 survey had shown a 3% decline in values compared to 1998.

**Employment**. Iowa continues to have one of the lowest average unemployment rates in the nation. The state's seasonally adjusted unemployment rate in September 2000 was 2.3%. Iowa's unemployment rate has been at or below 3% for three full years. The September level of unemployment, with 36,200 unemployed, was 2,100 lower than the previous year.

Throughout most of the decade, Iowa's unemployment rate has been about two percentage points below the national average. The U.S. unemployment rate in September 2000 was 3.9%.

In September 2000, the number of Iowans employed had grown by 27,200 from the previous year, to 1,536,300. The Iowa Economic Forecasting Council projects that non-farm employment will grow

by 2.0% in the year 2000, and an additional 1.0% in 2001. DRI Standard and Poor's projects that the State's employment growth will be 1.5% in 2000 and 0.8% in 2001, ranking Iowa 38<sup>th</sup> and 40<sup>th</sup> in the nation in growth respectively.

Iowa has a greater percentage of its labor force employed compared to the nation as a whole and also has a larger percentage of its population actively participating in the labor force. Combined with population growth that has lagged behind that of all of its neighboring states, it is evident that worker shortage issues are a key concern for future State economic growth.

**Exports.** The rise in exporting industries has been an important factor in Iowa economic growth during the 1990's. Growth in exports of industrial machinery, instruments and measurement devices, electronics, specialized transportation equipment, chemicals and pharmaceuticals, and processed food products have helped diversify Iowa's economy. When combined with traditional farm commodities and livestock, total exports from Iowa increased by 22%, 11% and 13% in the years 1995 through 1997.

A variety of factors led to declines of 3% and 16% in 1998 and 1999. A general weakness in the economies of the Pacific Rim nations significantly reduced trade opportunities. At the same time, strong harvests worldwide led to an oversupply of agricultural commodities. The strong U.S. dollar also made it harder for U.S. products to be competitive in international markets.

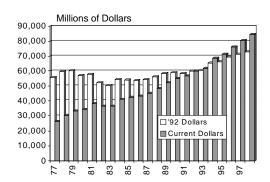

There are indications that the negative trend on exports may be turning. In the first six months of year, exports to all countries are up 13%. Exports to our three largest trading partners (Canada, Japan, and Mexico) are up 13.8% compared to the previous year. More than half of Iowa's exports go to these three countries.

**Gross State Product**. In 1998, Iowa's gross state product was \$84.6 billion, which reflected 3.7% growth over the previous year. The gross state product is the U.S. Commerce Department's measure of the value of all goods and services produced in the state each year. The nation's gross domestic product(\$8.7 trillion) grew by 6.1% between 1997 and 1998.

**Residential Construction Permits**. Housing construction is generally keeping pace with last year's levels. For the first nine months of the year, the value of Iowa housing permits issued by all local communities was up 2%, but growth has been shrinking throughout the year. This likely reflects the impact from higher interest rates brought about by increases in the Federal Reserve Board's federal funds rate.

There continues to be strong growth in housing construction in many of Iowa's larger communities. Among cities, double digit growth for the first nine months of the year have been registered by (among others) Cedar Falls (53% increase), Cedar Rapids (20% increase), Council Bluffs (132% increase), Iowa City (35% increase), and Urbandale (38% increase).

Iowa Gross State Product

Growth is not uniform, even within a metropolitan area. Among the cities experiencing a decline in housing permits for the first nine months of the year are Ankeny (9% decrease), Coralville (16% decrease), Des Moines (3% decrease), Johnston (20% decrease), Marion (30% decrease), and West Des Moines (20% decrease).

#### **MAJOR INITIATIVES AND ISSUES**

Class Size Reduction and Intervention. During fiscal year 2000, \$10 million was appropriated to local school districts to reduce class sizes in kindergarten through the third grade, with the goal of achieving average class sizes of 17 students per teacher. This flexible initiative also allows school districts to use funding to support other proven methods to improve reading and other basic skills for elementary school students. The funding for this initiative will grow to \$20 million in fiscal year 2001.

**Local Early Childhood Initiatives**. Early learning is critical to success in school, and Iowa's community empowerment initiative allows local governments and service providers a flexible method to tailor local services to meet local needs. Originally funded in fiscal year 1999 at \$5.2 million, the level of funding increased to \$10.4 million in 2000. In fiscal year 2001, the funding will total \$15.6 million. The additional funding is targeted at children from birth to age 5 and to parent education initiatives.

**School Infrastructure Fund.** To assist local school districts with the construction and renovation of facilities, a School Infrastructure Fund was established. The fund will be financed through the issuance of bonds by the State Treasurer, and the bonds will be repaid from gaming receipts. The fund will provide grants totaling \$50 million over a three-year period beginning July 1, 2000. Each grant is limited to \$1 million and requires a local match. The legislation creating the Fund also requires that the grants be spread among various sizes of school districts.

Tobacco Settlement Funding for Health Initiatives. During the 2000 legislative session, the State's share of on-going payments from the Master Settlement Agreement between the states and the major tobacco companies was appropriated for a variety of health-related services. A total of \$55 million was allocated for increasing access to health care services (\$20.9 million), services for persons with special needs (\$5.6 million), smoking cessation and public health initiatives (\$12.1 million), and substance abuse treatment and prevention (\$12.5 million). The remaining \$3.8 million was put into a savings account to deal with fluctuations in future tobacco settlement payments.

**Clean Water Initiative**. To help ensure safe drinking water and clean lakes, rivers and streams, \$11 million was appropriated from gaming receipts beginning July 1, 2000. The initiative will restore and construct wetlands to reduce nutrient flow into rivers and streams, expand water quality monitoring, and encourage land owners to implement buffer strips.

**Vision Iowa Fund**. To enhance local recreational, cultural and entertainment opportunities, a Vision Iowa Fund was established. The Fund will provide grants or loans to communities to assist with construction of new facilities. The fund will be financed through the issuance of bonds by the State Treasurer, and the bonds will be repaid from gaming receipts over a twenty year period. It is envisioned that the Fund will provide approximately \$180 to \$200 million for local projects.

Community Attraction and Tourism Development Fund. Iowa's quality of life is augmented by an abundance of natural resources, community attractions, and events. To help advance and sustain those opportunities, a \$12.5 million fund was established during the 1999 legislative session, and the fund was extended for an additional 5 years in the 2000 session. The fund will assist local communities in the development and creation of multiple purpose attraction and tourism facilities.

**Technology Initiatives.** Iowa has embarked on a course to provide its citizens with access, primarily through the Internet, to all governmental services and information, 24 hours a day, 7 days a week, from anywhere in Iowa. The focal point for this effort has been the IowAccess Network. The purpose of the IowAccess Network is to provide a single gateway to all State information. This official web-presence for the State will provide several subject categories, directing different audiences or user groups to the State resources they need.

On September 23, 1999, the IowAccess project team was the recipient of Vice President Gore's prestigious Hammer Award, which is given to teams of government employees and their private sector partners who help improve the government process to work better, cost less, and produce results Americans care about.

During the last legislative session, the Information Technology Department was created. The Department will establish uniform standards for technology development and utilization throughout State government. The Department has established a return on investment assessment tool that is used to rank technology projects for funding. A pooled technology account was created in fiscal year 2000, and \$9.9 million of the \$15.9 million in the account was allocated to projects based on the return on investment approach.

Budgeting for Results. In 1998, the Council of State Governments recognized Budgeting for Results as a best practice. Using Budgeting for Results, State agencies define desired program results, measure how well they are doing in achieving those results, and take action to improve the program results. Program results measures become tools for decision makers to use when making resource allocation decisions. All State agencies presented their FY 2001 budget requests using this method, and it is expected that additional efforts will focus on better integrating Budgeting for Results into the State's computerized budget system.

#### FINANCIAL INFORMATION

Budgetary Controls and Accounting Systems. The current version of the statewide accounting system was implemented during fiscal year 2000. As a part of the system upgrade, the implementation team performed a comprehensive review of the adequacy of internal controls and budgetary controls of the system. The team determined that internal controls continue to be in place to provide reasonable, but not absolute, assurance that assets are safeguarded against unauthorized use or disposition, and that financial records from all appropriate sources are reliable for preparing financial statements and maintaining accountability. The concept of reasonable assurance recognizes the cost of internal controls should not exceed the benefits likely to be derived from To monitor the adequacy of internal controls, the Auditor of State's Office reviews internal control procedures as an integral part of departmental audits.

Budgetary controls are incorporated into the various State accounting systems. The annual budget of the State is established through separate appropriations to individual departments for specific purposes, special outlays and/or operating expenditures.

All claims presented for payment must be certified by the appropriate department that the expenditure is for a purpose intended by law and a sufficient unexpended appropriation balance is available for the expenditure. The automated statewide accounting system also performs various edits to assure appropriation authorizations are not exceeded. In addition to these centralized controls, each department director is required by statute to maintain expenditures within appropriated limits. For programs supported totally or in part with federal or other funds, expenditures can not exceed the sum of appropriations and additional dedicated revenue that is received. If dedicated revenue is not received as expected, expenditures must be reduced in a like manner.

Extensive use is made of on-line tables and reports, updated on a daily basis, to provide detailed and management level reports to State departments, budget authorities, and the State Legislature. Detailed monthly reports are prepared to assure expenditures are being executed according to plan, deviations are identified and budget or spending modifications are made on a continuing basis.

Financial Statement Presentation. The State's financial statements are prepared in accordance with GAAP. The Governmental funds and Expendable Trust funds are presented on the modified accrual basis of accounting, whereby, revenues are recognized when measurable and available, and expenditures are recognized when goods or services are received and the related liabilities are incurred. The Proprietary, Nonexpendable Trust, and Pension Trust funds are presented on the accrual basis of accounting with all revenues and expenses recognized when the transactions occur, regardless of when related cash is received or disbursed. The financial statements of the University funds are reported in conformity with GAAP.

**General Government Functions.** Most State operations are accounted for through Governmental fund types: General, Special Revenue, and Capital Projects.

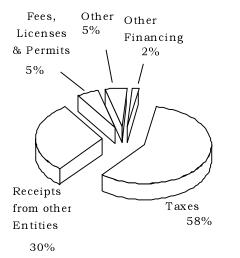

Governmental Revenues And Other Financing Sources totaled \$8,932.0 million for fiscal year 2000. Receipts From Other Entities had the largest increase of \$334.2 million, a 14.5% increase over the previous year, while Refunds & Reimbursements increased by \$83.3 million, a 47.3% increase over the previous year. The revenues from various sources, and the change from the previous year are shown in the following schedule (amounts in thousands):

| <b>Governmental Revenues and Other</b>        | ,                   | Increase (Decrease) |                   |          |
|---|---------------------|---------------------|-------------------|----------|
|   |                     |                     | Over 199          | 9 Actual |
|   | <u>2000</u>         | <u>1999</u>         | <u>Amount</u>     | Percent  |
| Taxes (Net)                                   | \$ 5,203,614        | \$ 4,883,409        | \$ 320,205        | 6.6%     |
| Receipts From Other Entities                  | 2,638,996           | 2,304,812           | 334,184           | 14.5     |

| Subtotal                                      | 8,306,519           | 7,635,069           | 671,450           | 8.8      |
| Other:  |                     |                     |                   |          |
| Refunds & Reimbursements                      | 259,611             | 176,285             | 83,326            | 47.3     |
| Investment Income                             | 84,798              | 89,797              | (4,999)           | (5.6)    |
| Miscellaneous                                 | 104,369             | 78,233              | 26,136            | 33.4     |
| Sales, Rents & Services                       | 17,764              | 15,924              | 1,840             | 11.6     |
| Subtotal                                      | 466,542             | 360,239             | 106,303           | 29.5     |
| Total Revenues                                | 8,773,061           | 7,995,308           | 777,753           | 9.7      |
| Other Financing Sources                       | 158,896             | 143,067             | 15,829            | 11.1     |
| Total Revenues And Other<br>Financing Sources | <u>\$ 8,931,957</u> | <u>\$ 8,138,375</u> | <u>\$ 793,582</u> | 9.8      |

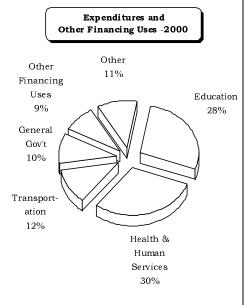

(Changes in revenues were highlighted by):

- \* Receipts From Other Entities increased by \$334.2 million due primarily to an increase in federal support of \$310.8 million. The major increases of federal support were \$195.4 million in Transportation, \$95.6 million in Health and Human Services grants, and \$34.9 million in Education.
- \* Refunds & Reimbursements increased by \$83.3 million due primarily to \$71.2 million in Tobacco Settlement receipts in fiscal year 2000.

# Governmental Revenues and Other Financing Sources - 2000

Governmental Expenditures And Other Financing Uses totaled \$8,894.1 million for fiscal year 2000. Transportation had the largest increase of \$214.5 million, a 25.0% increase over the previous year, while Health & Human Services experienced an increase of \$171.6 million which was a 6.9% increase over the previous year. Changes in expenditures from fiscal year 1999 levels are presented in the following schedule (amounts in thousands):

| Governmental Expenditures and Other F | inancing Uses  |                     | Increase (I       | Decrease) |
|---------------------------------------|----------------|---------------------|-------------------|-----------|
|                                       |                |                     | Over 199          | 9 Actual  |
|                                       | <u>2000</u>    | <u>1999</u>         | Amount            | Percent   |
|                                       |                |                     |                   |           |
| Health & Human Services               | \$ 2,658,728   | \$ 2,487,124        | \$ 171,604        | 6.9%      |

(Changes in expenditures were highlighted by):

- \* Transportation expenditures increased by \$214.5 million (25.0%). The major increases were \$192.0 million in Plant Improvements and \$10.6 million in Personal Services.
- \* Health & Human Services expenditures increased by \$171.6 million due primarily to increases of \$120.8 million in State Aid, \$29.1 million in Contractual Services, and \$20.8 million in Personal Services.
- \* Education expenditures increased by \$156.1 million due primarily to an increase of \$154.4 million in State Aid.

**General Fund Balance**. GAAP-basis fund balances for the General Fund at June 30 (expressed in thousands) for the past four fiscal years were:

|                    | <u>2000</u>         | <u>1999</u>         | <u>1998</u>         | <u>1997</u>  |  |
|--------------------|---------------------|---------------------|---------------------|--------------|--|
| Reserved           | \$ 1,041,449        | \$ 938,203          | \$ 765,227          | \$ 730,427   |  |
| Unreserved         | 711,419             | 781,602             | 895,926             | 815,935      |  |
| Total General Fund | <u>\$ 1,752,868</u> | <u>\$ 1,719,805</u> | <u>\$ 1,661,153</u> | \$ 1,546,362 |  |

The reserved portion of the General Fund balance represents amounts legally required to be segregated and cannot be appropriated for general operating expenditures. The unreserved portion of the General Fund balance is determined as total General Fund balance less reserved amounts. Further detail on fund balances reserved for specific purposes can be found in Note 15 of the Notes to the Financial Statements.

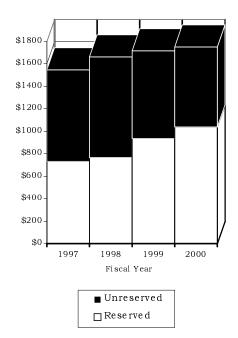

The Unreserved Fund Balance of the General Fund decreased from \$781.6 million at June 30, 1999, to \$711.4 million at June 30, 2000. This represents a decrease of \$70.2 million, or 9.0%.

The fund balance of the General Fund totaled \$1,752.9 million as of June 30, 2000, an increase of \$33.1 million, or 1.9%, from the previous fiscal year end balance.

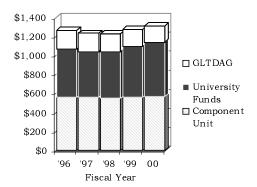

Enterprise Funds. The State's enterprise operations are comprised of a number of separate and distinct activities, including the Iowa Lottery, the Iowa Communications Network, the Iowa State Prison Industries, and the Underground Storage Tank Programs. Combined operating revenues for the State's Enterprise funds increased from \$327.8 million in Fiscal Year 1999 to \$334.0 million in Fiscal Year 2000. The combined operating expenses decreased from \$277.9 million to \$271.8 million during the same period. The increase in revenues is due to the expanding capacity of the Iowa Communications Network (ICN) and increased activity of the Iowa Lottery. The decrease in operating expense is primarily due to a decrease in direct expense of the ICN.

**Internal Service Funds.** The Internal Service funds account for the financing of goods or services provided by one department or agency to other agencies of the State. The principal internal service operations provide energy saving capital improvements, acquisition and replacement of State vehicles, materials and equipment for Department of Transportation operations, and insurance operations for the State. Combined operating revenues decreased from \$286.7 million in Fiscal Year 1999 to \$250.9 million in Fiscal Year 2000. Combined operating expenses decreased from \$300.4 million to \$244.7 million during the same period.

# General Fund Balance GAAP-Basis (Amounts in Millions)

#### OUTSTANDING REVENUE BONDED DEBT ALL REPORTING ENTITY COMPONENTS (Amounts in Millions)

The decrease in revenues and expenses is primarily due to the elimination of the Centralized Purchasing Revolving fund as of the year ended June 30, 1999.

Pension Trust Funds. The latest actuarial valuations of the separately funded and independent pension plans disclose the following information: the Iowa Public Employees Retirement System (IPERS) has an Unfunded Actuarial Accrued Liability (UAAL) of \$326.5 million which represents a funding ratio of 97.74%, the Peace Officers' Accident and Disability System (PORS) has an UAAL of \$1.2 million which represents a funded ratio of 99.49%; and the Judicial Retirement System (JRS) has a UAAL of \$10.4 million which represents a funded ratio of 87.36%. Schedules of Funding Progress for PORS and JRS are presented in the Required Supplemental Information Section. The funding policies of the Pension Trust funds are discussed in detail in the Notes to the Financial Statements (NOTE 18 - PENSION PLANS).

**Debt Administration**. The Constitution of the State of Iowa prohibits the State from exceeding a maximum of \$250 thousand in general obligation debt without voter approval. However, State law authorizes the issuance of Tax and Revenue Anticipation Notes (TRANS), provided that the total issuance does not exceed anticipated revenue receipts for the fiscal year and that the total issuance mature during the fiscal year. Once again, it was not necessary for the State to issue TRANS.

Revenue bonds issued by various authorities of the State totaled \$1313.1 million outstanding at fiscal year-end. This amount consisted of \$567.5 million of component unit – proprietary funds revenue bonds (housing and higher education), \$573.1 million in revenue bonds issued by the three State universities (for facilities), and \$87.9 million and \$84.5 million in various bonds issued by the Iowa Finance Authority for the Underground Storage Tank Program and the Department of Corrections, respectively. Such bonds are backed by the revenues of the issuing project or authority.

Certificates of Participation (COPS), issued by the State and outstanding at fiscal year-end, amounted to \$80.3 million. COPS represent an ownership interest of the certificate holder in a lease purchase agreement. Other financing arrangements payable, excluding COPS, totaled \$9.2 million at June 30, 2000.

State agencies, including the universities, have also entered into capital leases and installment purchase agreements for various purposes. Total long-term capital leases and installment purchases outstanding on June 30, 2000, was \$48.5 million.

**Cash Management.** The cash management function is the responsibility of the State Treasurer. Funds of State agencies, which are temporarily available for investment, are pooled together and invested in certificates of deposit, U.S. Treasury bills and notes, U.S. Government Agency and instrumentality obligations, repurchase agreements, and corporate debt instruments as allowed

by law and the Treasurer's investment policy. The three goals of the investment policy, in order of importance, are: 1) safety of funds; 2) liquidity; and 3) return. A custodial bank is utilized to safekeep investments and to provide payment and collection services for investment transactions. All investment transactions occur on a payment versus delivery basis. It is the policy of the Treasurer's Office that all deposits under its control are insured or collateralized in accordance with Chapter 12C of the Iowa Code.

Presented below is comparative data for the State's investment pool for the last four fiscal years. Interest Earnings do not include any unrealized gains or losses on investments. The Annual Rates of Return shown are calculated by dividing Interest Earnings by the Pool Average Daily Investment Balance. The amounts below are expressed in thousands:

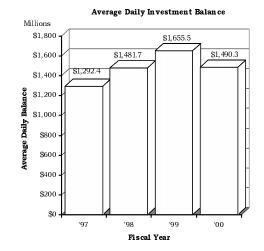

|  | FY 00       | FY 99       | FY 98       | FY 97       |
|--|-------------|-------------|-------------|-------------|
| Interest Earnings                      | * \$87,224  | \$93,600    | \$89,687    | \$76,051    |
| Average Daily<br>Investment<br>Balance | \$1,490,267 | \$1,655,485 | \$1,481,684 | \$1,292,371 |
| Annual Rate of<br>Return               | 5.85%       | 5.65%       | 6.05%       | 5.88%       |

<sup>\*</sup> Safekeeping and banking expenses have been deducted from Interest Earnings

**Risk Management.** It is the policy of the State not to purchase commercial insurance, with the exception of limited third-party coverage for specific potential losses, for the risks of losses to which it is exposed. Instead, the State's management believes that it is more economical to manage its risks internally and set aside assets for claim settlement in its internal service funds or to pay claims from the General Fund. The State is self-insured for risks related to property and casualty, workers' compensation, and general liability. For further information refer to the Notes to the Financial Statements (NOTE 25 – RISK MANAGEMENT).

### OTHER INFORMATION

**Independent Audit.** The Auditor of State is required by Chapter 11 of the Code of Iowa to audit annually all departments of the State. The accompanying general purpose financial statements of the State of Iowa have been audited by the Auditor of State in accordance with generally accepted auditing standards, Chapter 11 of the Code of Iowa, and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. His report appears elsewhere herein.

In addition, the Auditor of State combers a single audit under the exportments set forth in the Single Audit Aud of 1984, the Single Audit Amendments of 1996, and OMB Circular A 133, Au<u>dits of States, Local Covernments and Non-Profit Organizations.</u> This report is issued separately.

**Certificate of Achievement** – The Government Finging Officers Association of the United States and Canada (GFCA) awarded a 'Certificate of Achievement for Excellence in Financial Reporting' to the State of lowe for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 1999. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Confidence of Achievement is valid for a period of one year only. This is the several consenutive year the State of lowe has received this award. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA. We are committed to continue this effort, and we intend to maintain a highly qualified and professional staff to make this certification possible.

**Acknowledgment.** The preparation of this report on a functly basis sequires, the collective efforts of numerous finance personnel throughout the State and is made possible only with the ecoparation and support of the Executive, Legislative, and Judicial branch agencies, universities, and component units of the State.

The report could not have been accomplished without the professionalism and dedication of the stall in the Department of Management, the Accounting Bureau within Revenue and Finance, the Auditor of State's Office, and the financial and management personnel throughout State government.

This report issued for the twelfth consecutive year, continues our commutators to the citizens of the State of lowe, the Covernor, the Legislature, and the financial community, to maintain our financial statements in conformance with the highest standards of financial accountability.

Respectfully submitted,

Gerald D. Bair, Director Department of Revenue and Finance Cynthia P. Eisenhauer, Director Department of Management

### Independent Auditor's Report

To the Governor and Members of the General Assembly:

We have audited the accompanying general purpose financial statements, listed in the table of contents of this report, of the State of Iowa as of and for the year ended June 30, 2000. These general purpose financial statements are the responsibility of the State's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit. We did not audit the financial statements of certain discretely presented component units, which statements reflect 95% of assets and 76% of revenues of the discretely presented component units. These statements were examined by other auditors whose reports thereon have been furnished to us, and our opinion insofar as it relates to the amounts included for these discretely presented component units is based solely upon the reports of the other auditors.

We conducted our audit in accordance with generally accepted auditing standards, Chapter 11 of the Code of Iowa, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. The financial statements of the Iowa Public Television Foundation and the Iowa Finance Authority, component units of the State of Iowa, were not audited in accordance with Government Auditing Standards. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of the other auditors, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the State of Iowa at June 30, 2000, and the results of its operations and the cash flows of its proprietary fund types, nonexpendable trust funds and discretely presented component units, for the year then ended in conformity with generally accepted accounting principles.

For the year ended June 30, 2000, appropriations of \$48,654,200 were made from the Rebuild Iowa Infrastructure Fund for items which are inconsistent with the fund's legislatively established purpose that it be used for public vertical infrastructure-related expenditures and completion of Part III of the Iowa Communications Network. These items included, but were not limited to, assistance payments and development and improvement of technology systems used by various state agencies and community colleges. Expenditures for these items during the year ended June 30, 2000 totaled \$44,229,079, of which \$3,241,306 was funded from previous years' appropriations from the Rebuild Iowa Infrastructure Fund. These items have been reported as expenditures in the General Fund in the accompanying financial statements, except for the Combined Statement of Revenues, Expenditures and Changes in Fund Balances, Budget and Actual – Budgetary Basis, General Fund and Special Revenue Funds.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining financial statements and schedules, required supplemental information and supplemental information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements. Such information has been subjected to the auditing procedures applied in our audit of the aforementioned financial statements and, in our opinion, is fairly stated, in all material respects in relation to the general purpose financial statements taken as a whole.

We did not audit the data included in the statistical section and, accordingly, express no oppose thereon.

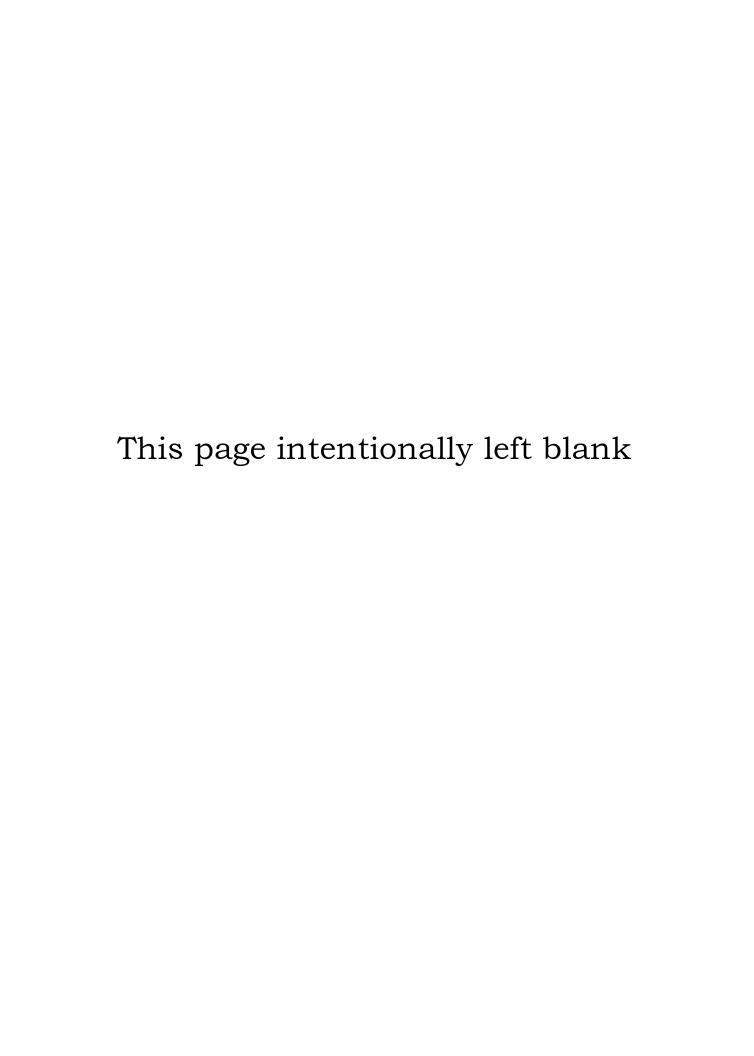

In accordance with <u>Government Auditing Standards</u>, our report on the State of Iowa's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contrains and grants will be issued under separate cover in the Single Audit Report.

Richard D. Johnson, CPA

Tilall John

Auditor of State

December 7, 2000

<sup>\*</sup> Actual expenditures exceeded budgeted amounts as a result of legal expenditures of federal and other non-state funds which had been received for restricted purposes. In the General Fund this occurred within Human Services and Administration due to standing unlimited appropriations for Appeal Board Claims, Machinery and Equipment Property Tax Replacement, Elderly and Disabled Property Tax Credit and Performance of Duty. In the Special Revenue Funds this occurred in Transportation and Public Safety due to the Primary Road Fund and in Regulation due to the Department of Workforce Development.

The notes are an integral part of the financial statements.

<sup>\*\*</sup> The Code of Iowa, Section 8.57, provides that the excess of revenues and other financing sources over expenditures and other financing uses at the conclusion of the fiscal year is to be transferred to the Cash Reserve Fund. The amount to meet the statutorily required cash reserve is retained in the Cash Reserve Fund and the remainder is forwarded to the GAAP Deficit Reduction Fund and the Iowa Economic Emergency Fund.

#### NOTES TO THE FINANCIAL STATEMENTS

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A.Basis of Presentation

The accompanying financial statements of the State of Iowa have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB).

#### **B.Financial Reporting Entity**

For financial reporting purposes, the State of Iowa includes all funds, account groups, departments, agencies and universities of the State. The State has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the State are such that exclusion would cause the State's financial statements to be misleading or incomplete. GASB has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the State to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the State.

As required by GAAP, these financial statements present the State of Iowa (the primary government) and its component units. The component units are included in the State's reporting entity because of the significance of their operational or financial relationships with the State. The individual component unit financial statements can be obtained by contacting: Iowa Department of Revenue and Finance, Financial Management, 3rd Floor, Hoover State Office Bldg., Des Moines, IA 50319.

#### Blended Component Units

These component units are entities which are legally separate from the State, but are so intertwined with the State that they are, in substance, the same as the State. They are reported as part of the State's primary government and are blended with the appropriate funds.

 Iowa Public Television Foundation (Special Revenue Fund) – solicits and manages gifts of money or property, for the exclusive purpose of granting gifts of money or property to Iowa Public Television. Iowa Public Television has sole discretion as to the use of the money or property. The State appoints a voting majority of the Foundation's board and has the ability to impose its will on the organization, as it can make personnel decisions regarding the management of the Foundation.

- Friends of Iowa Pu blic Television (Expendable Trust Fund) - serves as a funding medium for Pu blic Iowa Television. Iowa Public Television has complete discretion as to the use of the money. The organization provides services only to the State and the relationship is such that it would be misleading to exclude the organization from the financial statements.
- State of Iowa Facilities Improvement Corporation (Internal Service Fund) - was formed to finance energy saving capital improvements for State departments and The Corporation administered by the Iowa Department of Natural Resources. It issues bonds to finance the improvements, contracts for the installation of the improvements, and leases the improvements to the State agencies to provide funds to retire the bonds and pay financing administrative costs. All nine board members are appointed by the State.

#### Discrete Component Units

These component units are entities which are legally separate from the State, but are financially accountable to the State, or its relationship with the State is such that exclusion would cause the State's financial statements to be misleading or incomplete. The Component Units columns of the combined financial statements include the financial data of these entities.

• Iowa Finance Authority (Proprietary) – issues bonds to assist in attainment of adequate housing for special needs individuals such as the low to moderate income and the disabled, and to provide limited types of financing to small businesses. The nine members of the

#### NOTES TO THE FINANCIAL STATEMENTS

Board of Directors are appointed by the Governor and confirmed by the Senate.

- (Proprietary) provides for the financing of educational loans for students attending private educational institutions in the State and financing for the acquisition, construction, and renovation of educational facilities. The five members of the Board of Directors are appointed by the Governor and confirmed by the Senate. The State has the ability to impose its will upon the Authority.
- Lawver Trust Account Commission (Proprietary) provides for legal assistance to the poor in civil cases and for other needs including educational and specific law-related other programs designed to improve the administration of justice in Iowa from the interest earned on lawyers' pooled trust accounts which holds client funds that are either so small in amount or held for such a brief period of time that it is not possible for the funds to economically benefit the individual client. The State appoints Commission members and has the ability to impose its will on the Commission (November 30 year end).
- Client Security and Attorney Disciplinary Commission (Proprietary) - examines breaches of professional responsibility by attorneys, assists the court administering attorney disciplinary procedures, and administers the Client Security Fund, whose purpose is to prevent defalcations by members of the Iowa bar, and to provide for the indemnification by the profession for losses caused to the public by dishonest conduct of members of the bar of Iowa. The State appoints the Commission members and has the ability to impose its will on the Commission (November 30 year end).
- Commission on Continuing Legal Education (Proprietary) – enforces the continuing education rules pertaining to attorneys to ensure that they can fulfill their obligation to competently serve their

- clients. The State appoints the Commission members and has the ability to impose its will on the Commission (November 30 year end).
- Governmental) conducts the annual State Fair and Exposition and other interim events on the Iowa State Fairgrounds. The State must approve any bonds issued by the Authority (October 31 year end).
- (Proprietary) undertakes programs which assist beginning farmers in purchasing land, improvements and property for agricultural purposes, and provides financing for agricultural and soil conservation development, and other various agricultural development programs. The State appoints a voting majority of the organization and is able to impose its will on the Authority.
- Wallace Technology Transfer Foundation (Governmental) – is a non-profit corporation which supports collaborative projects, between Iowa industry and the State's institutions of higher education, the purpose of commercial development of advanced technologies. All voting members of the Board of Directors are appointed by the Governor and confirmed by the Senate. Legislation required the foundation to revert unobligated funds and transfer assets back to the State as of June 30, 1997. The entity will continue to exist until all assets are distributed or disposed.
- Iowa Centennial Memorial Foundation (Nonexpendable Trust Fund) - was incorporated to recognize and encourage outstanding ability and potential leadership as a permanent observance of the Iowa Centennial. The State appoints members voting of Foundation's Board. It consists of the Governor, Treasurer, Attorney General, President of the State Board of Regents, all former governors residing in or maintaining legal residence in the State,

#### NOTES TO THE FINANCIAL STATEMENTS

and four citizens selected by the other members of the board (May 31 year end).

- Iowa Department of Economic Development Foundation (Governmental)

   manages funds from public and private sources to be used to further the overall development and well being of the State.
   The State appoints a voting majority of the board and has the ability to influence the management of the organization.
- Iowa Historical Foundation (Governmental) - solicits financial support for programs of the State Historical Society of Iowa to promote preservation of the history of Iowa and to assist the Society in developing and promoting local historical societies and programs throughout the State. The State provides office space and provides partial funding to the Foundation. The State appoints a voting majority of the Board of Directors.
- Iowa Seed Capital Corporation Liquidation Corporation (Governmental) - formerly the Iowa Seed Capital Corporation which provided financial assistance to small businesses launching new ventures based on innovation. The 1998 Regular Session Acts of the General Assembly terminated the terms of the board members of Iowa Seed Capital Corporation at May 31, 1998. The officers and staff of the Corporation were terminated at June 30, 1998, and the Corporation offices closed. The Corporation was renamed the ISCC Liquidation Corporation and a threeperson board was constituted to supervise the liquidation or sale of the assets of the ISCC Liquidation Corporation. Following the complete liquidation or sale of the assets, all remaining moneys shall be transferred to the strategic investment **ISCC** fund and the Liquidation Corporation board shall be dissolved.

#### Related Organizations

These related organizations are excluded from the reporting entity because the State's accountability does not extend beyond appointing a voting majority of the organizations' board members. Financial statements are available from the respective organizations.

- . Iowa Student Loan Liquidity Corporation
- . Iowa Comprehensive Health Association
- . Turkey Marketing Council
- Iowa Business Development Finance Corporation
- . Community Health Management Information System

#### **C.Fund Accounting**

The accounts of the State of Iowa are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. operations of each fund are accounted for with a separate set of self-balancing accounts which comprise its assets, liabilities, fund balance, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. For financial statement presentation, funds with similar characteristics, including those component units referenced above, are grouped into fund categories and fund types. The various funds are grouped in these financial statements as follows:

#### Governmental Funds

The General Fund- is the principal operating fund of the State and is used to account for all financial resources except for those accounted for in another fund.

Special Revenue Funds- to account for the proceeds of specific revenue sources (other than expendable trusts or capital projects) that are legally restricted to expenditures for a specified purpose.

Capital Projects Funds- to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds or trust funds).

#### NOTES TO THE FINANCIAL STATEMENTS

#### **Proprietary Funds**

Enterprise Funds- to account for operations (a) that are financed and operated in a manner similar to private business enterprise - where the intent of the State is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the State has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Internal Service Funds- to account for the financing of goods or services provided by one department or agency to other departments or agencies of the State, or to other governmental units, on a cost reimbursement basis.

#### Fiduciary Funds

Trust and Agency Funds- to account for assets held by the State in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. These include (a) Expendable Trust Funds, (b) Nonexpendable Trust Funds, (c) Pension Trust Funds, and (d) Agency Funds.

#### University Funds

Current Funds- to account for resources that will be expended in the near term for operating purposes. These include unrestricted funds over which the universities retain full control in achieving the institutions' purposes and restricted funds which may be utilized only in accordance with externally restricted purposes.

Loan, Endowment and Agency Funds- to account for assets in which the institutions act in a fiduciary capacity.

Plant Funds- to account for institutional property acquisition, renewal, replacement, debt service, and investment.

Component Units- to account for the financial activity of related component units of the universities. These entities are controlled by the universities and have been determined to meet the requirements to be reported as component units.

#### **Account Groups**

General Fixed Assets Account Group- to account for all fixed assets of the State not accounted for within a fund.

General Long-Term Debt Account Group- to account for all long-term debt of the State not accounted for within a fund.

#### **D.Basis of Accounting**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Modified Accrual Basis- All governmental funds, Expendable Trust and Agency funds are accounted for using the modified accrual basis of accounting. The governmental and Expendable Trust funds are accounted for using the current measurement financial resources Revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available.) "Measurable" means the amount of the transaction can be determined. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Receipts from other entities, taxpayer assessed revenues, fees, and refunds and reimbursements are recognized under the modified accrual basis of accounting. Licenses and permits, charges for services, and miscellaneous revenues are recorded as revenues when received in cash because they are generally measurable until actually received. Investment earnings are recorded as earned since they are measurable and available. Expenditures are recognized when the related fund liability is incurred. An exception to the general modified accrual expenditure recognition criteria is the principal and interest on general long-term debt which is recognized when due. Income tax

#### NOTES TO THE FINANCIAL STATEMENTS

refunds are accrued for claims related to tax periods ended by June 30, of the fiscal year, and paid within sixty days. Agency funds are purely custodial (assets equal liabilities) and thus do not involve measurement of results of operations.

Accrual Basis- All Proprietary, Nonexpendable Trust and Pension Trust funds are accounted for using the accrual basis of accounting. funds are accounted for on a flow of economic resources measurement focus. All assets and liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (net total assets) is segregated into contributed capital and retained earnings components. Operating statements present increases (revenues) and decreases (expenses) in net total assets. Revenues are recognized when earned and expenses are recognized when incurred.

In reporting the financial activity of its proprietary funds, the State applies all applicable GASB pronouncements as well as the following pronouncements issued or before on 1989, November 30, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

The University funds are accounted for using the accrual basis of accounting, with the following exceptions:

- 1. Depreciation related to plant assets generally is not recorded.
- 2. Revenues and expenditures of an academic term encompassing more than one fiscal year are solely reported in the fiscal year in which the program is predominantly conducted.

#### Lottery Revenues and Prizes

The Lottery uses an on-line instant verification system for the sale and validation of instant tickets. Instant ticket sales are recognized when a retailer settles a pack of tickets. Revenues for pull-tab games are recognized upon the sale of tickets to the retail sales agents. Revenues for Lotto games are recognized after the jackpot drawings are held. Deferred revenue represents lotto tickets sold for future prize drawings.

The prize liabilities for the Lotto games are determined by actual matches and are recognized after the jackpot drawings are held.

#### **E.Budgeting and Budgetary Control**

The budget encompasses the General Fund of the State and some Special Revenue funds, (Workforce Development Withholding, Local Housing Assistance, Reversion Incentive Program, Pooled Technology Account, Technology Program, Tobacco Settlement Fund, Land Recycling Fund, Forestry Management Enhancement Fund, Gambling Treatment Program, Inspection and Appeals Use Tax Underground Storage Tank Unassigned Revenue, Resources Enhancement and Protection, Fish and Game Fund, Conservation Administration Fund, Guaranteed Student Loan Administration, Real Estate Education, Special Contingency Fund, Administrative Contribution Surcharge, Unclaimed Winnings, Water Quality Protection, and Primary Road Fund). The budgetary Special Revenue funds do not meet the requirements to be displayed as Special Revenue funds in the GAAP financial statements; therefore, these budgeted represent а perspective difference in reconciliation on page 61, Note 19. Capital Project funds are budgeted on a project-length basis. The budget is prepared on a modified accrual basis of accounting for both revenues and expenditures.

The State's budget (General Fund and some Special Revenue Funds) is prepared by the Governor on an annual basis and is required to be submitted along with proposed appropriation bills to the General Assembly by the first of February prior to the new fiscal year. When an appropriation bill is passed by both houses of the General Assembly, the bill is enrolled and sent to the Governor. The Governor may sign it into law or veto it in whole or in part on a line item basis. Funds may be disbursed only after appropriations have been allotted by the Department of Management, subject to the review of the Governor, with the exception of standing unlimiteds and certain receipts that the Departments are authorized to expend. Appropriations are allotted for expenditure on a quarterly basis.

#### NOTES TO THE FINANCIAL STATEMENTS

Departments may request revisions to quarterly allotments, appropriations transfers, or supplemental appropriations. The Department of Management approves revised allotments, subject to the Governor's review. The General Assembly and the Governor act on supplemental appropriation bills in a manner similar to original appropriations. General fund supplemental appropriations totaled \$426,000 for fiscal year 2000. Appropriations lapse at fiscal year-end and all unencumbered or unobligated balances revert to the state treasury, unless otherwise provided.

The State utilizes encumbrance accounting for budgetary control purposes. Obligations incurred for goods or services that have not been received or rendered, are recorded to reserve that portion of the applicable fund balance. Chapter 8, section 33, unnumbered paragraph 2, of the Code of Iowa, states, "No payment of an obligation for goods or services shall be charged to an appropriation subsequent to the last day of the fiscal year for which the appropriation is made unless the goods or services are received on or before the last day of the fiscal year, except that repair projects, purchase of specialized equipment and furnishings, and other contracts for services and capital expenditures for the purchase of land or the erection of buildings or new construction or remodeling, which were committed and in progress prior to the end of the fiscal year are excluded from this provision." That is, except for the above stated exceptions, the State must have received the goods or services on or before June 30, creating an actual liability, or the encumbrance is cancelled against that fiscal year. If the encumbrances are still valid after June 30, they become expenditures/ expenses of the next fiscal year.

Budgetary control is essentially maintained at the departmental fund level except for certain grant and aid programs where control is maintained at a program level.

Revenues and expenditures are monitored on a continuing basis. State law authorizes the Governor to impose across-the-board pro rata reductions in allotments to ensure revenues and other available funds are sufficient to pay expenses of a given fiscal year.

Separate reports for the General and budgeted Special Revenue funds presenting detail of the legal level of control and actual expenditures are available from the Department of Management.

#### F.Cash, Investments, and Securities Lending

Cash in most funds is held in the state treasury and is commingled in State bank accounts and investments. The moneys of most funds are pooled together and invested as an investment pool by the Treasurer of State. However, moneys of some funds may be invested separately from the investment pool where permitted by statute.

Investment earnings of the investment pool are allocated to the individual funds as provided by statute. Income associated with one fund that has been assigned to another fund totaled \$56,337,487 for fiscal year 2000.

The Treasurer's deposits in financial institutions throughout the year and at year end were entirely covered by the Federal Deposit Insurance Corporation, or collateral held by the Treasurer of State's custodial banks in the Treasurer of State's name, or by the bank assessment provisions of Section 12C.23 of the Code of Iowa.

The Treasurer of State may invest in obligations of the United States government, its agencies and instrumentalities; certificates of deposit in Iowa financial institutions; prime bankers acceptances, commercial paper or other short-term corporate debt; perfected repurchase agreements; money market mutual funds organized in trust form; and other investments as permitted by Section 12B.10 of the Code of Iowa.

Investments are valued at fair value. Fair value is calculated at market price at the close of business on June 30 by independent pricing services utilized by the Treasurer's custodian bank. However, certain investments such as commercial paper, bankers acceptances, certificates of deposit, guaranteed investment contracts, and discount notes issued by government agencies are valued at amortized cost. (For Pension plans, see Note 18).

Cash and cash equivalents include currency on hand, demand deposits with banks or other financial institutions, investments readily convertible to known amounts of cash, and investments so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. In the statements of cash flows, investments with an original maturity of three months or less are considered cash equivalents.

#### NOTES TO THE FINANCIAL STATEMENTS

The Iowa Public Employees Retirement System (IPERS) and the Iowa Peace Officers' Retirement, Accident, and Disability System (PORS) (together the "Systems") participate in a securities lending program with the State's custodian bank. The participation of IPERS is authorized by the Code of Iowa and the participation of PORS is authorized by its Board of Trustees. The custodian bank is responsible for operating the program and is permitted to lend any of the securities it holds in custody for the Systems to broker-dealers and other entities in exchange for collateral. The custodian bank is permitted to accept collateral in the form of cash in U.S. dollars, U.S. government securities, or irrevocable letters of credit. A borrower is required to initially deliver collateral in an amount equal to 102 percent of the market value of any U.S. securities lent and 105 percent of the market value of any non-U.S. securities lent. Borrowers are required to provide additional collateral any time the value of the collateral drops below 100% of the value of the security lent plus accrued interest income. Securities received as collateral cannot be sold or pledged unless the borrower defaults. Securities lent at year-end for cash collateral are presented as unclassified in the schedule of custodial credit risk.

At year-end IPERS had \$20,908 in credit risk exposure to borrowers because the amounts they owed the System exceeded the amounts the System owed them. Additional collateral was provided the next business day, eliminating this exposure. At year-end PORS had no credit-risk exposure to borrowers. The contract with the custodian bank requires it to indemnify the System if a borrower fails to return the securities or fails to return all of the income attributable to securities on loan. As of June 30, 2000, the Systems had securities on loan, including accrued interest income, with a total value of \$534,351,709 against collateral with a total value of \$548,421,379.

The majority of securities loans are open loans, i.e. one day maturity, where the rebate rate due the borrower is renegotiated daily. All securities loans can be terminated on demand by either the Systems or the borrower. Cash collateral received from borrowers is invested in a cash collateral investment pool which is managed by the custodian bank in accordance with investment guidelines established by the Systems. The investment guidelines do not require a matching of investment maturities with loan maturities, but do establish minimum levels of liquidity and other investment restrictions designed to minimize the interest rate risk associated with not

matching the maturity of the investments with the loans. (See NOTE 2.)

#### **G.Accounts Receivable**

Accounts receivable have been established and offset with proper provisions for estimated uncollectible accounts where applicable. Practically all receivables of governmental funds are due from other federal governmental entities, primarily the government. and are considered collectible. Receivables in other funds have arisen in the ordinary course of business.

#### **H.Interfund Receivables and Payables**

During the course of its operations, the State has numerous transactions between funds to finance operations, provide services and construct assets. To the extent that certain transactions between funds had not been received or paid as of June 30, 2000, balances of interfund amounts receivable or payable have been recorded. (See NOTE 5.)

#### **I.Inventories**

Inventories are valued at cost, which approximates market. The first-in/first-out (FIFO) cost flow method is used for the majority of inventories. Throughout the year costs of inventories are recorded as expenditures when purchased. For financial reporting purposes, expenditures are adjusted at fiscal year end for material inventory amounts to correlate with the consumption method. Inventory asset amounts are not available for budgetary appropriation as they have been charged to expenditures when purchased rather than when used.

Food stamps are recorded as expenditures when disbursed. Amounts on hand at June 30 are reported at face value in the General Fund, offset by a like amount of deferred revenue.

#### J.Fixed Assets

All purchased fixed assets are recorded at cost or, if cost is not practically determinable, at estimated cost. Donated fixed assets are recorded at fair market value at the date of acquisition. Infrastructure assets such as highways, curbs, bridges, and lighting systems are not capitalized.

#### NOTES TO THE FINANCIAL STATEMENTS

#### **Primary Government**

Governmental funds- fixed assets are accounted for in the General Fixed Assets Account Group. Depreciation is not recorded for general fixed assets and interest during construction is considered immaterial and is not capitalized.

Expendable Trust funds - fixed assets are referred to as fund fixed assets and are accounted for in the acquiring fund. Depreciation is not recorded.

Proprietary, Nonexpendable, and Pension Trust funds- fixed assets are referred to as fund fixed assets and are accounted for in the acquiring fund. Interest during construction is capitalized and depreciation is recorded on a straight-line basis over the assets' estimated useful lives. The following lives are used:

| Buildings          | 40-50 years |
|--------------------|-------------|
| Improvements Other |             |
| Than Buildings     | 20-50 years |
| Equipment          | 2-20 years  |
| Vehicles           | 3-10 years  |

#### Component Units

Estimated useful lives, in years, are as follows:

| Buildings          | 20-40 years |
|--------------------|-------------|
| Improvements Other |             |
| Than Buildings     | 40 years    |
| Equipment          | 3-10 years  |
| Vehicles           | 5-10 years  |

#### **K.Compensated Absences**

State employees accrue vacation, sick, and compensatory leave at rates specified in the Code of Iowa and/or collective bargaining agreements. Accumulated unused vacation leave is payable upon termination of employment. Accumulated unused sick leave is payable only upon retirement and only to limits specified in the Code of Iowa and/or collective bargaining agreements. Accumulated unused compensatory leave is payable at fiscal year end.

Compensated absences liability for governmental funds and Expendable Trust funds are recorded in the General Long-Term Debt Account Group. For all other funds the liability is recorded as a liability of the fund. Compensated absences liability is determined based on current rates of pay.

#### L.Bond Discounts/Issuance Costs

In governmental fund types, bond discount and issuance costs are recognized in the current period, except for capital appreciation bonds which report discounts similar to proprietary fund types. Bond discounts and issuance costs for proprietary fund types are generally deferred and amortized over the terms of the bonds using the bonds-outstanding method or straight-line method, which approximates the effective interest method. Bond issuance costs in university funds are generally deferred and amortized over the term of the bonds using the straight-line method which approximates the effective interest method.

#### M.Interfund Transactions

Quasi-External Transactions- Transactions that would be treated as revenues, expenditures, or expenses if they involved organizations external to the state are accounted for as revenues, expenditures, or expenses in the funds involved.

Reimbursements- Reimbursements of expenditures made by one fund for another are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund.

Residual Equity Transfers- Nonrecurring or nonroutine transfers between funds are reported as additions to or deductions from the beginning fund equity balance.

Operating Transfers- Legally authorized transfers other than residual equity transfers are reported as operating transfers in the financial statements.

#### NOTES TO THE FINANCIAL STATEMENTS

#### N.Totals (Memorandum Only)

Total columns on the Combined Financial Statements are captioned "Memorandum Only" to indicate they are presented only to facilitate financial analysis. The amounts displayed in these columns do not present consolidated financial information. Interfund eliminations have not been made in the aggregation of this data.

### NOTE 2 - CASH, INVESTMENTS AND SECURITIES LENDING

#### CASH

#### **Primary Government**

The carrying amount of cash at June 30 is \$1,167,772,646 and the bank balance is \$1,203,805,752. The bank balance at June 30 is insured or collateralized as follows: \$1,203,213,915 is covered by federal depository insurance or by collateral held by the State's agent in the State's name and \$591,837 is uninsured or uncollateralized.

#### **Component Units**

The carrying amount of cash at June 30 is \$26,534,049 and the bank balance is \$26,533,563. The bank balance at June 30 is insured or collateralized as follows: \$26,473,651 is covered by federal depository insurance or by collateral held by the State's agent in the State's name and \$59,912 is uninsured or uncollateralized.

#### INVESTMENTS

#### **Primary Government**

Investments at June 30, 2000, are categorized below by credit risk (expressed in thousands). The three types of credit risk are:

**Category 1** - Insured or registered securities or securities held by the State or its agent in the State's name.

**Category 2** - Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the State's name.

Category 3 - Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the State's name. (This includes the portion of the carrying amount of any repurchase agreement that exceeds the market value of the underlying securities.)

#### Certificates of Participation

#### General Long-Term Debt

The Department of Corrections and the First, Third, Fifth and Sixth Judicial Districts have sold certificates of participation for land and facilities for a total of \$11,690,000. The certificates of participation represent an ownership interest of the certificate holder in a lease purchase agreement. The certificates mature over periods from 6 to 20 years with interest rates ranging from 3.80% to 7.25%. The following is a schedule by year of the future minimum payments required (expressed in thousands):

| Year ending June 30, | Principal       | Interest        | Total           |
|----------------------|-----------------|-----------------|-----------------|
| 2001<br>2002         | \$ 1,225<br>540 | \$ 303<br>229   | \$ 1,528<br>769 |

#### NOTES TO THE FINANCIAL STATEMENTS

#### **Underground Storage Tank**

The Iowa Finance Authority has issued term bonds, serial bonds, and capital appreciation bonds to finance the Underground Storage Tank Financial Responsibility Program. The program provides payment for remediation claims of contamination of ground water sites due to leakage, spill or release of petroleum products by owner/operators. The bonds are payable solely from specific revenues and assets of the Underground Storage Tank Fund.

The obligations do not constitute a debt of the State of Iowa nor of the Iowa Finance Authority and neither is liable for any repayments.

In prior years, the Iowa Finance Authority defeased certain Iowa Underground Storage Tank Revenue Bonds by placing the proceeds of new bonds in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 1990 and 1991 Series terms bonds. As a result, the 1990 and 1991 Series Term bonds are considered to be defeased and the liability for those bonds has been removed from the general long-term debt account group. As of June 30, 2000, bonds totaling \$39,685,000 were considered defeased.

#### **Iowa Department of Corrections**

The Iowa Finance Authority has issued term and serial bonds for the purpose of financing the construction or renovation of correctional facilities in the State. The Iowa Department of Corrections administers the State's correctional facilities and authorizes expenditures under the program. The bonds are payable solely from monies deposited in the Iowa Prison Infrastructure Fund maintained by the Treasurer of State, currently required by state law to be the first \$9,500,000 of monies remitted to the Treasurer of State each fiscal year from certain fees and fines collected from the clerks of district court in criminal cases, investment earnings on monies in the Iowa Prison Infrastructure Fund, and from other amounts pledged therefore under the bond indenture. These obligations do not constitute a debt of the State of Iowa, nor of the Iowa Finance Authority, and neither is liable for any repayments.

#### Universities

Iowa State University, the University of Northern Iowa and the University of Iowa have issued revenue bonds for the construction of buildings, facilities, utilities and equipment. The bonds are payable principally from tuition and user fee revenues.

In September 1999, Iowa State University issued \$13,220,000 in Utility Systems Revenue Refunding Bond Series I.S.U. 1999B with an average interest rate of 4.57% to advance refund \$13,075,000 of Utility System Revenue Bonds, Series 1985 (second issue) with an average interest rate of 6.65%. The proceeds were placed in an irrevocable trust pursuant to an escrow agreement with a bank to provide for all future debt service on the refunded bonds. As a result, these bonds are considered defeased and the liability for these bonds has been excluded from the balance sheet.

The advance refunding resulted in the recognition of an accounting loss of \$145,000 for the year ended June 30, 2000, a decrease in future aggregate debt service of \$1,977,066, and an economic gain (difference between present values of the old and new debt service payments) of \$1,335,740.

During fiscal year 2000, the University of Iowa issued \$17,180,000 in Utility System Revenue Refunding Bonds, Series S.U.I. 1999B, with an average interest rate of 4.668% to advance refund \$16,475,000 of outstanding Utility System Revenue Bonds, series S.U.I. 1985 Second Series with an average interest rate of 7.081%. Net bond proceeds of \$16,981,781 were placed in an irrevocable escrow account with trustee. The escrow account is sufficient to fully service all remaining principal and interest due on the bonds. The Utility System Revenue Bonds, S.U.I. 1985 Second Series were called on November 1, 1999. As a result, the debt has been considered defeased and therefore removed as a liability from the balance sheet.

The advance refunding resulted in the recognition of an accounting loss of \$506,781 for the year ended June 30, 2000, a decrease in aggregate debt service of \$2,993,023 over the next fifteen years, and an economic gain (difference between present values of the old and new debt service payments) of \$2,067,269.

In prior years, the University of Iowa defeased certain revenue bond issues by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the State's financial statements. As of June 30, 2000, bonds totaling \$11,965,000 for the University of Iowa were considered defeased.

#### NOTES TO THE FINANCIAL STATEMENTS

#### **Iowa Finance Authority**

The Iowa Finance Authority is authorized and has issued bonds, the proceeds of which are used to provide authorized mortgage financing. The bonds are payable principally from repayments of such mortgage loans. The obligations do not constitute a debt of the State of Iowa and the State is not liable for any repayments.

The bonds are secured, as described in the applicable bond resolution, by revenues, moneys, investments, mortgage loans, and other assets in the funds and accounts established by the respective bond resolutions.

The Single Family Mortgage, Single Family Housing and the Multi-Family Bond Resolutions contain covenants which require the Iowa Finance Authority to make payments of principal and interest from amounts available should deficiencies occur in the funds established for such payments by the respective bond resolutions.

On June 14, 2000, the Iowa Finance Authority issued Single Family Mortgage Bonds, 2000 Series D, E, and F, in the par amount of \$67,115,000 with interest rates of 5.00 percent to 6.40 percent in part to refund and defease \$17,115,000 of Single Family Mortgage Revenue Bonds, 1989 Issue A, with interest rates of 7.00 percent to 7.90 percent. Proceeds of \$17,115,000 from the issuance of the 2000 Series D, E, and F along with \$1,351,735 of 1989 Issue A funds (consisting of loan prepayments and excess revenues) were used to purchase U.S. government securities, which were deposited in an irrevocable trust with an escrow agent to provide for the August 1, 2000, redemption of all 1989 Issue A bonds.

The refunding resulted in the recognition of an accounting loss of \$333,983 for the year ended June 30, 2000, decreased future aggregate debt service payments by approximately \$7,064,000 and obtained a present value savings (difference between the present value of the debt service payments on the old and new debt) of approximately \$1,747,000.

#### Iowa Higher Education Loan Authority

The Iowa Higher Education Loan Authority is authorized and has issued bonds to provide educational loans to students and facility loans to private educational institutions in the State of Iowa. The bonds are payable primarily from interest and principal payments of the educational and facility loans.

The Iowa Higher Education Loan Authority has no taxing authority and bonds issued do not constitute a debt, liability, or obligation of the State of Iowa or any political subdivision thereof.

#### **Primary Government:**

Future bond debt service requirements for bonds of the Primary Government are as follows (expressed in thousands):

#### NOTES TO THE FINANCIAL STATEMENTS

#### **NOTE 16 - OPERATING LEASES**

The State has leased office space and equipment. These leases have been classified as operating leases and accordingly, all rents are charged to expense as incurred. These leases expire before June 30, 2041, and require various minimum annual rentals. Certain leases are renewable for additional periods. Some leases also require the payment of normal maintenance and insurance on the leased properties. In most cases, management expects that the leases will be renewed or replaced by other leases.

The following are schedules by year of future minimum rental payments required under operating leases which have initial or remaining noncancellable lease terms in excess of one year as of June 30, 2000 (expressed in thousands):

#### **Primary Government:**

Year ending June 30,

|            | <b>*</b>         |
|------------|------------------|
| 2001       | \$ 18,119        |
| 2002       | 13,273           |
| 2003       | 10,218           |
| 2004       | 7,991            |
| 2005       | 5,075            |
| Thereafter | 8,632            |
|            |                  |
| Total      | <u>\$ 63,308</u> |

All leases contain nonappropriation clauses indicating that continuation of the lease is subject to funding by the legislature.

Rental expense for the year ended June 30, 2000, for all operating leases, except those with terms of a month or less that were not renewed, totaled \$22,892,489.

#### Component Units:

| Year | end | ling | June | 30, |
|------|-----|------|------|-----|
|      |     |      |      |     |

| 2001       | \$ 185 |
|------------|--------|
| 2002       | 180    |
| 2003       | 128    |
| 2004       | 128    |
| 2005       | 128    |
| Thereafter | 143    |
| Total      | \$ 892 |

Rental expense for the year ended June 30, 2000, for all operating leases, except those with terms of a month or less that were not renewed, totaled \$262,321.

#### NOTE 17 - LESSOR OPERATING LEASES

The Iowa Department of Natural Resources has tracts of land valued at \$9,328,168 that have been leased for agricultural purposes. Glenwood State Hospital School has leased building space valued at \$1,389,688. Iowa Public Television leases antenna and building space, no value has been assigned to the leased portions. The Iowa Department of Transportation leases land valued at \$1,113,319 for agricultural purposes. Iowa Public Employees Retirement System has leased building space valued at \$974,020 (net of accumulated depreciation of \$16,773.) Iowa State University has leased building space valued at \$172,159, and has tracts of land that have been leased for agriculture purposes, no value has been assigned to the leased portion. The University of Northern Iowa has leased buildings valued at \$207,698 and tracts of land valued at \$547,194 that have been leased for agricultural purposes. The following is a schedule by year of minimum future rentals on operating leases as of June 30, 2000 (expressed in thousands):

Year ending June 30,

| 2001       | \$ 1,108       |
|------------|----------------|
| 2002       | 904            |
| 2003       | 591            |
| 2004       | 263            |
| 2005       | 181            |
| Thereafter | _1,214         |
|            |                |
| Total      | <u>\$4,261</u> |

#### **NOTE 18 - PENSION PLANS**

#### Iowa Public Employees' Retirement System

#### Plan Description

The Iowa Public Employees' Retirement System (IPERS), within the Iowa Department of Personnel, was created in 1953 by the Iowa Legislature, to replace Iowa Old Age and Survivors' Insurance System.

IPERS is a cost-sharing defined benefit multi-employer public employee retirement system. Participation in IPERS is mandatory for most state, county, and local public employees, employees of school districts, and for certain elected officials. Membership is optional for some individuals, including the members of the Iowa General Assembly. Excluded from membership are members of other retirement systems supported by Iowa public funds.

|                   | <u>June 30, 2000</u> |
|-------------------|----------------------|
| Employer members: |                      |
| City              | 1,298                |
| County            | 441                  |
| School            | 397                  |
| State             | 24                   |
| Other             | 226                  |
| Total             | 2.386                |

#### NOTES TO THE FINANCIAL STATEMENTS

IPERS' vesting requirements are four years of service or age 55, whichever occurs first. Normal retirement age is 65, or when the member's age plus years of service equal or exceed 88. A member may also take early retirement between the ages of 55 and 65 with reduced benefits. At retirement, a member chooses one of five benefit options.

IPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to IPERS, 7401 Register Drive, P. O. Box 9117, Des Moines, IA 50306-9117 or by calling 515-281-0020.

#### Funding Policy

Member and employer contribution rates are established by statute. In general, IPERS' members contribute 3.70%, and employers contribute 5.75% of the covered wage base. The contributions are remitted by participating employers. Certain members and employers engaged in law enforcement, fire safety, and protection occupations contribute at slightly higher rates as shown in the table below. State covered wages increased from \$160,000 to the new federal limit of \$170,000 on January 1, 2000.

|   | Contribution Rates as of June 30, 2000 |       |        |  |  |
|---|--|-------|--------|--|--|
| •   | Employee                               |       | Total  |  |  |
| Regular   | 3.70%                                  | 5.75% | 9.45%  |  |  |
| Sheriffs/Deputy<br>Sheriffs (County)/<br>Airport Firefighters | 5.69%                                  | 8.54% | 14.23% |  |  |
| Protection Occupations  | s* 5.58%                               | 8.38% | 13.96% |  |  |

<sup>\*</sup> Protection Occupations: City Marshalls/Police or Fire Fighters in towns under 8,000 population, State Conservation Peace Officers, State Correctional Officers, Airport Safety Officers, DOT Peace Officers, Parole Officers III, Probation Officers III, and Fire Prevention Inspector Peace Officers.

A valuation of the liabilities and reserves of the IPERS Trust Fund is performed annually by IPERS' actuary in accordance with Iowa Code Section 97B.61. The Iowa statutes provide that most IPERS members shall contribute 3.70% of pay and employers shall contribute 5.75%, for a total of 9.45%. The valuation is performed to determine whether that rate will be sufficient to fund the future benefits expected to be paid by the System within the guidelines established in IPERS funding policy (maximum amortization period of 30 years). The statutory rate is first applied to fund the normal cost rate. The remaining contribution rate is used to amortize the unfunded actuarial liability as a level percentage of payroll. The current valuation indicates the statutory rate results in an amortization period less than the funding policy's maximum of 30 years.

The total amount of member and employer contributions made during the fiscal year ended June 30, 2000, was \$422,118,418. The amount of the actuarially determined contribution requirement was approximately \$412,535,150. This contribution amount represents the funding necessary to fund the normal cost of the plan.

For the fiscal year ended June 30, 2000, the actuarially determined contribution requirement for employers was \$251,013,451 or 5.75% of covered payroll. The actuarially determined contribution requirement for employees for the same time period was \$161,521,699 or 3.70% of covered payroll. The actual amount of contributions made by employers and employees during the fiscal year ended June 30, 2000, was 253,271,051 and \$168,847,367 respectively.

The State of Iowa's contributions to IPERS for the years ended June 30, 2000, 1999, and 1998, were \$54,743,107, \$49,504,605, and \$46,729,012 respectively, equal to the 100% of the required contributions for each year.

Beginning with the June 30, 1996 actuarial valuation, the annual valuation of liabilities is calculated using the entry age normal cost method. The entry age normal cost method requires the calculation of an Unfunded Actuarial Accrued Liability, \$326,509,222 at June 30, 2000. If all actuarial assumptions are met, the Unfunded Actuarial Accrued Liability is expected to be amortized in 21 years at the current contribution percentages. Additional information is available in IPERS' separately issued report.

#### **Summary of Significant Accounting Policies**

IPERS' financial statements are prepared using the accrual basis of accounting. Revenues including contributions are recognized when they are earned and become measurable. Expenses including benefits and refunds are recognized when the liability is incurred.

All investments are reported at fair value. The determination of fair value is generally based on published market prices and quotations from major investment brokers. Investments not having quoted market prices have been valued based on yields and maturities currently available on comparable securities of similar issue. Fair values for real estate, private equity partnerships, and direct real estate investments are based on periodic assessments or appraisals of the underlying investments. Futures contracts are valued daily with the resulting adjustment recorded as realized gains/losses arising from the daily settlement of variation margin.

#### NOTES TO THE FINANCIAL STATEMENTS

The System has no investment in any specific stock or bond issues of any commercial or industrial organization, other than the U.S. government and its instrumentalities, whose market value exceeds five percent of the net assets available for benefits.

# Peace Officers' Retirement, Accident and Disability System

#### Plan Description

The Peace Officers' Retirement, Accident and Disability System was created under Chapter 97A of the Code of Iowa to provide retirement and other benefits for the peace officers of the Iowa Department of Public Safety. The Peace Officers' Retirement, Accident and Disability System is the administrator of a single-employer defined benefit public employee retirement system.

A member may retire with a service allowance after completing 22 years credited service and attaining the minimum service retirement age of 55. Plan benefits include: service retirement benefits, ordinary disability retirement benefits, accidental disability benefit, ordinary death benefit, and accidental death benefits.

The Peace Officers' Retirement, Accident and Disability System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Peace Officers' Retirement, Accident and Disability System, Iowa Department of Public Safety, Wallace State Office Building, Des Moines, IA 50319.

#### **Funding Policy**

The contributions to the System are made pursuant to Chapter 97A of the Code of Iowa, and are not based upon actuarial determinations.

Member contribution rates are established by statute at 9.35%. However, the System shall increase the member's contribution rate as necessary to cover any increase in cost to the System resulting from statutory changes which are enacted by any session of the General Assembly meeting after January 1, 1991, if the increase cannot be absorbed within the contribution rates established, but subject to a maximum employee contribution rate of 11.30%. After the employee contribution reaches 11.30%, sixty percent of the additional cost of such statutory changes shall be paid by employers and forty percent of the additional cost shall be paid by employees. This is deducted from the member's salary and remitted by the employer.

The employer is obligated by statute to contribute an amount of 17.00% of the covered payroll. Contribution provisions are established by State law and may be

amended only by the State legislature. The State of Iowa has historically followed a contribution policy of appropriating funds based upon a percentage of the current salaries for which funds are appropriated. During fiscal year 2000, legislation required a \$1,161,207 reduction of the total employee's contribution to the System and an allocation of this reduction among the Iowa Department of Public Safety divisions based upon the relative share of each division's covered payroll.

The member contribution required and contributed was \$2,832,382, representing 9.35% of the current year covered payroll. The State contribution required by statute was \$3,990,488 and the amount actually contributed was \$3,990,488. Costs of administering the plan are financed through employer contributions and investment income.

#### **Summary of Significant Accounting Policies**

The Peace Officers' Retirement, Accident and Disability System's financial statements are prepared using the accrual basis of accounting. Contributions are recognized in the period in which the contributions are due. Pension benefits and annuities are recognized when due and payable in accordance with the terms of the plan.

Investments are recorded at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. Investments that do not have an established market are reported at estimated fair value.

The System has no investment in any specific stock or bond issues of any commercial or industrial organization, other than the U.S. government and its instrumentalities, whose market value exceeds five percent of the net assets held in trust for pension benefits.

#### **Annual Pension Cost and Net Pension Obligation**

The State's annual pension cost and net pension obligation to the Peace Officers' Retirement, Accident and Disability System for the current year were as follows:

Annual required contribution \$ 948,875 Interest on net pension obligation (1,053,431) Adjustment to annual required contribution 1,027,211

#### NOTES TO THE FINANCIAL STATEMENTS

. . . . . . . .

| Annual pension cost                | 922,655        |
|------------------------------------|----------------|
| Contributions made                 | (3,990,488)    |
| Increase (decrease) in net pension |                |
| obligation                         | (3,067,833)    |
| Net pension obligation beginning   |                |
| of year                            | (13,167,892)   |
| (Assets in excess of ) net pension |                |
| obligation end of year             | \$(16,235,725) |

For calculation of the net pension obligation, the actuary has set the transition date as July 1, 1995. The net pension obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the System's actual contributions for fiscal years 1988 through 2000.

The annual required contribution for the current year was determined as part of the July 1, 1999, actuarial valuation using the aggregate actuarial cost method. This method does not identify or separately amortize unfunded actuarial liabilities. The actuarial assumptions included (a) 8.00% investment rate of return, (b) projected salary increases of 10% for the first year, 5% for each of the next 4 years and 5.5% thereafter, (c) an inflation rate of 4.00%, and (d) post retirement benefit increases vary from 2.67 to 3.20%. The actuarial value of assets was determined using the market value of investments. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2000, was 18 years.

Three-year trend information:

#### Judicial Retirement System

#### Plan Description

The Judicial Retirement System is the administrator of a single-employer defined benefit public employee retirement system.

The Judicial Retirement System was established to provide pension benefits to Judges serving on the Supreme Court, District Courts and the Court of Appeals.

Pursuant to Chapter 602 of the Code of Iowa, a member who has had a total of at least six years of service as a judge of one or more of the above courts and is at least sixty-five years of age or who has served twenty-five years of consecutive service as a judge of one or more of the above courts shall qualify for an annuity. A member who meets the definition of a senior judge under Chapter 602.9202 of the Code of Iowa, shall be paid an annuity equal to three percent of the current base salary of the office in which the senior judge last served prior to retirement multiplied by the judge's years of service prior to retirement, limited to fifty-two percent of the current base salary. member who has served as a judge for a total of six years or more and deemed permanently incapacitated, mentally or physically, to perform his/her duties shall be entitled to an annuity that would be the same as computed under a retirement annuity.

The Judicial Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Judicial Retirement System, Iowa Judicial Department, Iowa State Capitol Building, Des Moines, IA 50319.

#### **Funding Policy**

The contributions to the Iowa Judicial Retirement System are made pursuant to Section 602.9104 of the Code of Iowa, and are not based upon actuarial determinations.

The member contribution required and contributed was \$779,279, representing 4.00% of the current year covered payroll. The State contribution required by statute and the amount contributed was \$4,202,697. The State share is to be based on 23.70% of the current year covered payroll. Costs of administering the plan are financed through State appropriation, member contributions and investment income.

#### Summary of Significant Accounting Policies

The Iowa Judicial Retirement System's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. System contributions are recognized when due and the System has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or

#### NOTES TO THE FINANCIAL STATEMENTS

international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair value.

Investments in governmental bonds and treasury notes constitute approximately 9.00% of net assets held in trust for pension benefits. The System has no investments in the stocks or bonds of any commercial or industrial organization where market value exceeds 5.00% or more of the net assets held in trust for pension benefits.

#### **Annual Pension Cost and Net Pension Obligation**

The State's annual pension cost and net pension obligation to the Iowa Judicial Retirement System for the current year were as follows:

| Annual required contribution             | \$ 2,700,338      |
|--|-------------------|
| Interest on net pension obligation       | 17,218            |
| Adjustment to annual required            |                   |
| contribution                             | (23,548)          |
| Approximation cost                       | 2,694,008         |
| Annual pension cost                      | 2,094,000         |
| Contributions made                       | 4,202,697         |
| Increase (decrease) in net pension       |                   |
| obligation                               | (1,508,689)       |
| Net pension obligation beginning of year | 1,723,911         |
| N  | Ф 015 000         |
| Net pension obligation end of year       | <u>\$ 215,222</u> |

For calculation of the net pension obligation, the actuary has set the transition date as July 1, 1995. The net pension obligation was calculated by the actuary as the cumulative difference between the System's annual required contributions and the System's actual contributions for fiscal years 1988 through 2000.

The annual required contribution for the current year was determined as part of the June 30, 1998, actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 8.00% investment rate of return and (b) projected salary and inflationary increases of 5.00% per year. The assumptions did not include post retirement benefit increases, which are funded by State appropriation when granted. The actuarial value of assets was determined using the market value of investments. The unfunded actuarial accrued liability is being amortized using a level dollar amortization

method on an open basis. The remaining amortization period at June 30, 2000, was 30 years.

Three-year trend information:

# Teachers Insurance and Annuity Association Retirement Program

The Universities, Board of Regents, the Iowa Braille and Sight Saving School, and the Iowa School for the Deaf contribute to the Teachers Insurance and Annuity Association (TIAA) retirement program. The above, by contributing to TIAA, participate in a defined contribution retirement plan.

A defined contribution retirement plan provides retirement benefits in return for services rendered, provides individual annuities for each plan participant, and specifies how contributions to an individual's annuity are to be determined instead of specifying the amount of benefits the participant is to receive. Under a defined contribution retirement plan, the benefits a participant will receive depend solely on the amount contributed to the participant's annuity, and the returns earned on investments of those contributions. As required by the Iowa State Board of Regent's policy, all eligible employees must participate in a retirement plan from the date they are employed. Contributions made by both employer and employee vest immediately. As specified by the contract agreement with TIAA, each employee through the fifth year of employment contributes 3.33% of the first \$4,800 of earnings and 5.00% on the balance of earnings. The employer through the fifth year of employment, contributes 6.67% of the first \$4,800 of earnings and 10.00% on earnings above the \$4,800. completion of five years of service, the participant contributes 5.00% and the employer 10.00% on all earnings. During fiscal year 2000, the employers' contributions amounted to \$93,208,107 Employees' contributions amounted to \$45,915,067.

No retirement plan provisions changed during the year that affected the Institutions' or employees' required contributions.

#### NOTES TO THE FINANCIAL STATEMENTS

# NOTE 19 - BUDGET TO GAAP RECONCILIATION

The Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual presents comparisons of the legally adopted budget with actual data on a budgetary basis. Since the budgetary and GAAP presentations of actual data differ, a reconciliation of the two is presented below (expressed in thousands):

|   |     |           | Special          |
|---|-----|-----------|------------------|
|   | Gen | eral Fund | Revenue Funds    |

| Depreciation On Assets |                    |                    |
| Acquired With          |                    |                    |
| Contributed Capital    | 5,908              | 838                |
| Balance June 30        | <u>\$ 69,840</u>   | <u>\$ 30,245</u>   |

#### **NOTE 21 - ADJUSTMENTS**

An Internal Service Fund, Workers' Compensation Fund, previously reported incurred claim liability using historical cost averages. An actuarial review performed during the current fiscal year resulted in amending the originally reported liabilities, resulting in a decrease in the opening retained earnings of \$10,714,286.

Prior to fiscal 2000, the University of Iowa reported compensated absences payable in Current Funds Unrestricted and Current Funds Restricted. The accrual is now reflected in Current Funds Unrestricted. This adjustment decreased the beginning fund balance of Current Funds Unrestricted and increased the beginning balance of Current Funds Restricted by \$7,865,018.

In previous years at the University of Northern Iowa, Early Retirement Incentive Program (ERIP) payments were paid on a cash basis. In April 2000, the University Cabinet adopted the policy of requiring departments to fully fund the program liability upon receipt of a signed contract. The University of Northern Iowa is requiring full funding of all present and future contracts within three years. As a result of change in policy, the University of Northern Iowa elected the method of reporting its ERIP payment as termination benefits. The adjustment for the discounted liability to the opening fund balance of the Current Unrestricted Funds is a decrease of \$2,032,415.

Criteria for inclusion in the Combining Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – Budgetary Basis – Special Revenue Funds is that the fund is classified as a special revenue fund for budgetary purposes and the General Assembly either appropriates or allocates funding from the fund. For fiscal year 2000, the General Assembly made an appropriation from the Local Housing Assistance Fund, at which time the fund met all criteria for inclusion in the statement.

#### NOTES TO THE FINANCIAL STATEMENTS

# NOTE 23 – DEFERRED COMPENSATION PLAN

The State and Judicial Districts sponsor deferred compensation plans which are administered by independent contractors under Internal Revenue Code section 457. The plans permit employees to defer a portion of their salary until future years. Department of Personnel is responsible for the accounting. reconciliations and record keeping associated with employees' enrollment, payments to the plan through payroll deductions and timely transfer of withheld funds to the trustee designated by the participant for investment. The plans are designed so that each participant retains investment control of his/her individual account. The deferred compensation is not available to employees until termination. retirement, death, or unforeseeable emergency.

The State's fiduciary responsibility is limited to due care in selecting administrators. These contractors are responsible for withholdings and W-2's when the participants receive payments. The contractors are also required to submit an annual report to the State. The State is liable to a participant only for income lost because of its failure to send payment of a deferred amount as directed by the participant.

The market value of the State's and Judicial Districts' exclusive benefit plan assets at December 31 1999, was approximately \$215 million and \$8 million respectively. These amounts are not included in the financial statements since the State does not own or hold in a trustee capacity the amounts deferred by employees and related income on those amounts.

State employees within the Iowa Department of Education may also participate in a 403(b) tax-sheltered annuity plan. The State does not contribute to the plan. These annuities are the sole property of the respective individual employee and are subject to any liability arranged by that individual.

#### NOTE 24 - OTHER POST EMPLOYMENT BENEFITS

The Board of Regents approved, effective July 1, 1986, an Early Retirement Incentive Program (ERIP) for professional employees. This program was in effect until June 30, 1992. This same program was approved for Merit System employees by the Board of Regents effective July 1, 1990 for a one year trial period with an extension until June 1992. Effective July 1, 1992 through June 30, 1997, and renewed through June 30, 2002, the Board of Regents approved a new early retirement incentive program for all employees.

To be eligible for ERIP, an employee must be 57 to 64 years of age with 15 or more years of service. The employee's participation must be approved by the employee's department head and the appropriate administrative officers.

All incentive payments are financed on a pay-as-you-go basis, except at the University of Northern Iowa. At the University of Northern Iowa ERIP are being prefunded over a three year period. Prefunded contributions during the year ending June 30, 2000 were \$1,437,620.

An employee approved for participation in the program will receive the following incentives until age 65, unless otherwise specified:

- Health Insurance The employer's contributions are made until the employee is eligible for Medicare coverage.
- 2) Dental Insurance The employer's contributions are made until the employee is eligible for Medicare coverage.
- 3) Group Life Insurance The employer provides a paid-up life insurance policy which varies in amounts between \$2,000 and \$4,000.
- 4) TIAA/CREF Contributions The employer's and employee's contributions are made for up to three (3) years; employer's contributions are made up to an additional two (2) years; and employer's contributions are payable for a maximum of five (5) years or until the employee is eligible for full Social Security benefits, whichever occurs first.
- 5) IPERS Contributions The employer's and employee's contributions are made for up to three (3) years; employer's contributions may be made up to an additional two (2) years; and contributions are payable for a maximum of five (5) years or until the employee is eligible for full Social Security benefits, whichever occurs first.

The employee may elect, prior to approval of participation in the program, to accept the present value of all or part of the incentives as a lump sum payment on the beginning date of participation in the program. The rate of interest used to calculate the present value is established annually by the board. The rate used for this fiscal year was 5.03%.

Effective June 1, 1997, a Window Early Retirement Incentive Program was approved. Any employee with 20 years of service who was 55 or over was eligible to

#### NOTES TO THE FINANCIAL STATEMENTS

apply from June 1, 1997 through November 30, 1997. The benefits include all the above ERIP benefits plus full access to the participants' CREF accumulation and up to 10 percent per year of TIAA accumulations.

The Board of Regents Institutions' contributions for the fiscal year ended June 30, 2000, amounted to \$7,379,677 for 1,154 participants.

#### NOTE 25 - RISK MANAGEMENT

INSURANCE/TRANSFER OF RISK

State employee benefits for health, dental, long-term disability and life insurance coverage are fully insured through commercial insurers. The State also insures with outside parties for certain liabilities. The State assumes liability for any deductibles and claims in excess of coverage limitations. Iowa State University and the Department of Public Safety each assume responsibility for aircraft liability claims in excess of \$10.0 million, and Workforce Development assumes fire liability on buildings and contents in excess of \$19.9 million.

The University of Northern Iowa assumes liability for damage to buildings and contents for the first \$2.0 million and in excess of \$439.5 million; liability for physical damage to the UNI-Dome buildings for the first \$150,000 and in excess of \$38.5 million; physical damage to boiler and machinery in excess of \$709.4 million; damage to residence system buildings and apartments in excess of \$195.8 million, business interruption in excess of \$11.4 million, damage to contents in excess of \$12.9 million; medical liability at the Laboratory School in excess of \$5 million; and damage to Mauker Union building and contents in excess of \$13.6 million.

The University of Iowa assumes liability for damage to buildings and contents for the first \$2.0 million and in excess of \$3,273.1 million, damage to the power plant for the first \$250,000 and in excess of \$55.5 million, damage to utility property for the first \$250,000 and in excess of \$113.0 million, medical malpractice for the first \$1.5 million and in excess of \$20.0 million, pharmacy products liability for the first \$10,000 and in excess of \$7.0 million, student interns professional liability in excess of \$3.0 million, losses at the Museum of Art in excess of \$40.0 million, and criminal fidelity liability for the first \$100,000 and in excess of \$10 million.

Iowa State University assumes liability for damage to buildings and contents in excess of \$1,839.0 million, damage to boilers and machinery in excess of \$229.0 million, damage to electronic data processing, telecommunications equipment in excess of \$28.4 million and business interruption in excess of \$16.9 million.

Glenwood State Hospital-School assumes liability for volunteers' automobile liability in excess of \$3.0 million. The Iowa Braille and Sight Saving School assumes liability for the first \$1.0 million and in excess of \$25.2 million for catastrophic losses.

The Second, Third, Fifth, and Sixth Judicial Districts assume liability for physical damage to buildings and contents in excess of \$3.3 million, \$2.8 million, \$10.8 million and \$5.3 million, respectively. The Seventh Judicial District assumes liability for boiler equipment breakdown in excess of \$5.2 million. The First Judicial District assumes liability in excess of \$3.5 million blanket coverage for boilers.

The State maintains an employee fidelity bond where the first \$100,000 in losses and any losses exceeding \$2.0 million becomes the responsibility of the State,

There were no significant reductions in insurance coverage from the prior year. There were no settlements in excess of coverage for the past three fiscal years.

#### SELF-INSURANCE/RETENTION OF RISK

It is the policy of the State not to purchase commercial insurance, except as detailed above, for the risks of losses to which it is exposed. Instead, State management believes that it is more economical to manage its risks internally and set aside assets for claim settlement in its internal service funds or to pay claims from the General Fund.

Specific claim adjustment expenditures/expenses and estimated recoveries on unsettled claims are included in the determination of claims liability. Other allocated or unallocated claim adjustment expenditures/expenses are not included.

The State is self-insured for various risks of loss related to work injuries of its employees. The Workers' Compensation Fund, an internal service fund, services workers' compensation claims. The liability for unpaid claims is estimated based on the average cost per claim-type determined from an actuarial review. Current year adjustments includes an increase of \$10,714,286 based on an actuarial review (See Note 21). Changes in the balances for estimated claims liabilities in fiscal years 1999 and 2000 were (expressed in thousands):

The Underground Storage Tank Program provides qualified owner/operators with insurance for claims resulting from leaking underground storage tanks. Underground Storage Tank Insurance Fund, an enterprise fund, collects premium payments and services claims for damages sustained. The liability for unpaid claims is estimated based on historical experience and analysis. Changes in the balances for estimated claims liabilities in fiscal years 1999 and 2000 were (expressed in thousands):

The State is self-insured for risks of loss related to property damage and torts. All claims must be filed with the State Appeal Board which has the authority to approve or reject claims. Claims allowed in an amount greater than five thousand dollars require the unanimous approval of all the members of the Board, the Attorney General, and the District Court of the State of Iowa for Polk County. The liability for unpaid claims is estimated based on historical experience and analysis. Changes in the balances for estimated claims liabilities in fiscal years 1999 and 2000 were (expressed in thousands):

|       |                | Current Year |          |             |

#### NOTES TO THE FINANCIAL STATEMENTS

#### NOTE 26 - LITIGATION, CONTINGENCIES, AND COMMITMENTS

The State Appeal Board has the authority to approve or reject general claims under ten years covering the following: Outdated warrants; outdated sales and use tax refunds; license refunds; additional agricultural land tax credits: outdated invoices: fuel and gas tax refunds; outdated homestead and veterans' exemptions: outdated funeral service claims: tractor fees; registration permits; outdated bills merchandise; services furnished to the state; claims by any county or county official relating to the personal property tax credit; and refunds of fees collected by the state. At June 30, 2000, there was \$1.1 million in such claims filed with the Appeal Board.

During the fiscal year, the State entered into a compromise settlement of a claim for legal services rendered by Iowa Special Counsel on behalf of the State of Iowa in litigation against the tobacco industry. The State's liability for the settlement at June 30, 2000, of \$36.8 million, will be paid over the next four years as specified in the settlement.

The *Iowa Department of Revenue and Finance* has pending litigation regarding income tax cases. The cases could possibly result in refunds estimated at \$1.8 million.

The Iowa Department of Transportation has estimated the State's share of contractual obligations for construction contracts as \$162 million at June 30, 2000. This represents total obligations of \$419 million less \$240 million in estimated federal aid and \$17 million in retainages.

The University of Iowa has outstanding construction contract commitments of \$62.4 million at June 30, 2000.

*Iowa State University* has outstanding construction contract commitments of \$71.3 million at June 30, 2000.

The University of Northern Iowa has outstanding construction contract commitments of \$9.6 million at June 30, 2000.

The Iowa Finance Authority has signed loan agreements with municipalities totaling \$284.7 million of which \$240.0 million has been disbursed as of June 30, 2000. As of June 30, 2000, the Authority has commitments to various housing assistance projects totaling approximately \$1.7 million.

Office of Inspector General Audit of Medicare Billings – the Health Care Financing Administration (HCFA) has initiated a nationwide review of physician Medicare billings at teaching institutions. The *University of Iowa* was selected to be part of the initial group of auditees. Although a loss is possible, the amount, if any, can not be reasonably estimated at this time.

On May 26, 2000, beneficial control of the Iowa Housing Corporation, a nonprofit corporation established by the Iowa Finance Authority in 1990 to assist in meeting the housing needs of low and very low income individuals within the state, was transferred to the State of Iowa. On that date, a designee of the Governor became the sole director of the corporation. The Governor's designee is responsible for managing all day-to-day operations of the corporation until those operations can be transferred to the State of Iowa. The disposition of the net assets, which totaled \$8.0 million at June 30, 2000, will be determined by the Governor and the legislative branch.

#### **NOTE 27 - RELATED ORGANIZATIONS**

#### Universities

Iowa State University, the University of Iowa and the University of Northern Iowa have related organizations whose purpose is to receive donations and other funds for student grants and scholarships, support of intercollegiate athletics, and educational and general institution support. Detailed financial data is available in the related organizations' financial statements, available from the Universities. The following summarized financial data is for the year ended June 30, 2000 (expressed in thousands):

|                                | Iowa State | University | University of |
|--------------------------------|------------|------------|---------------|
|                                | University | of Iowa    | Northern Iowa |

#### NOTES TO THE FINANCIAL STATEMENTS

#### **NOTE 28 - SUBSEQUENT EVENTS**

On July 1, 2000, the Iowa Finance Authority redeemed prior to maturity \$600,000 of the Single Family Mortgage Bonds, 1991 Series A, B, A-1, and B-1; \$1,525,000 of the Single Family Mortgage Bonds, 1992 Series A, B, and C; \$1,315,000 of the Single Family Mortgage Refunding Bonds, 1992 Series F; \$1,185,000 of the Single Family Mortgage Bonds, 1995 Series C, D, and E, \$1,120,000 of the Single Family Mortgage Bonds, 1997 Series A, B, and C; and \$1,125,000 of the Single Family Mortgage Bonds, 1997 Series F, G, and H.

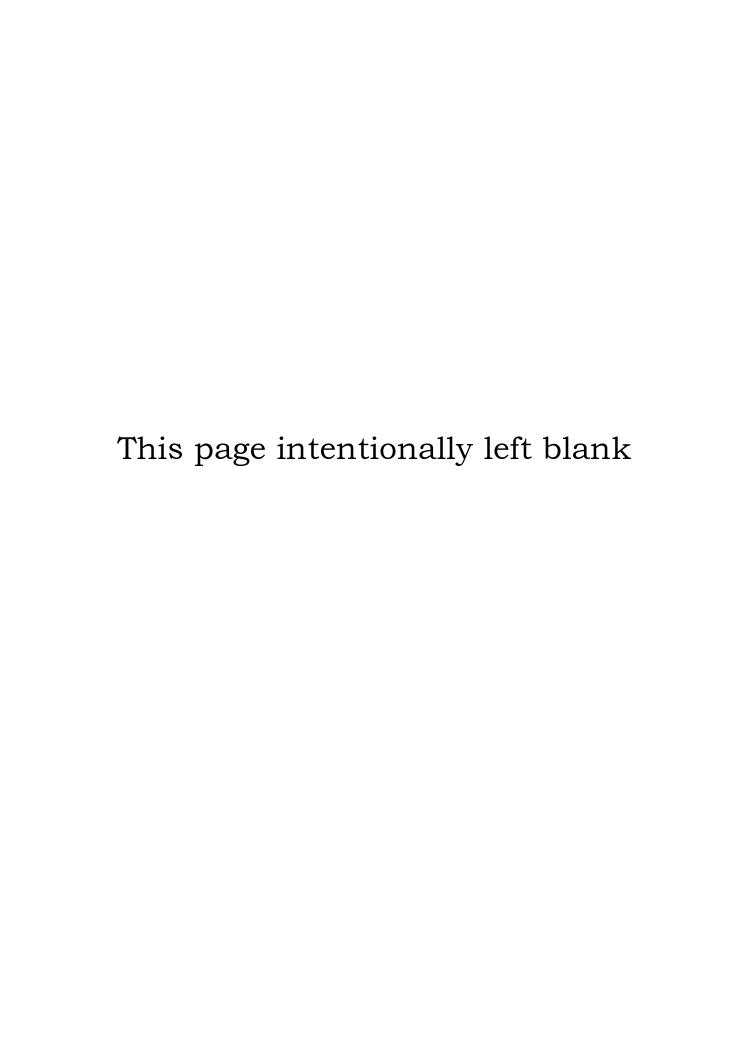

On September 1, 2000, the Iowa Finance Authority redeemed prior to maturity \$441,958 of the Single Family Housing Bonds, 1984 Issue A.

On October 1, 2000, the University of Iowa issued Athletic Facilities Revenue Bonds, Series S.U.I. 2000, in the amount of \$10,000,000 to pay costs of constructing and equipping athletic and recreational buildings, athletic fields, grounds and related facilities on the campus of the University.

On October 1, 2000, Medical Education and Biomedical Research Facility Project Revenue Bonds of \$22,250,000 and \$5,750,000 were issued by the University of Iowa Facilities Corporation, an Iowa nonprofit corporation separate from the University. The proceeds of the bonds will be used to defray a portion of the costs associated with the construction of a new College of Medicine Education and Biomedical Research Facility. The bonds are payable solely from rental income payable to the Corporation from the general operating revenues of the University of Iowa.

The University of Northern Iowa and Board of Regents, State of Iowa, [together, "UNI"] filed suit against Penn Co Construction, Inc. [Penn Co"], De Nardis Associates, Inc., and Light Structures Design Consultants (a division of De Nardis Associates, Inc.) [together, "LSDC"] in July 2000. Penn Co was responsible for the overall construction improvements to the UNI Dome roof starting in 1997 ["Dome roof project"]. LSDC was responsible for the architectural, engineering, design, and construction services for the Dome roof project. The lawsuit alleges breach of contract, negligence, and breach of warranty by the defendants, Penn Co and LSDC, in their work relating to the Dome roof project. No estimate of the effect of this lawsuit can be made.

On November 8, 2000, \$35,428,136 was transferred from the Underground Storage Tank Insurance Fund to the Petroleum Marketers Mutual Insurance Company (PMMIC). The PMMIC is an independent nonprofit entity owned and operated by insureds and organized to provide an allowable mechanism to demonstrate financial responsibility for underground storage tanks as required by federal regulations.

|--------------------------------|---------------------------------|-----------------------------------|--|------------------|---------------------|---|
| 07/01/98<br>07/01/99           | \$ 55,048<br>62,018             | \$ 65,243<br>68,768               | \$ 10,195<br>6,750                                   | 84.37%<br>90.18% | \$ 16,824<br>17,023 | 60.60%<br>39.65%                        |
| 07/01/00                       | 71,693                          | 82,070                            | 10,377   | 87.36%           | 19,295              | 53.78%                                  |

The significant increase in unfunded AAL for the July 1, 2000 valuation was primarily due to changes in benefits effective July 1, 2001. The basic retirement annuity was increased from 52 percent to 60 percent of a judge's average annual salary for the last three years of service.

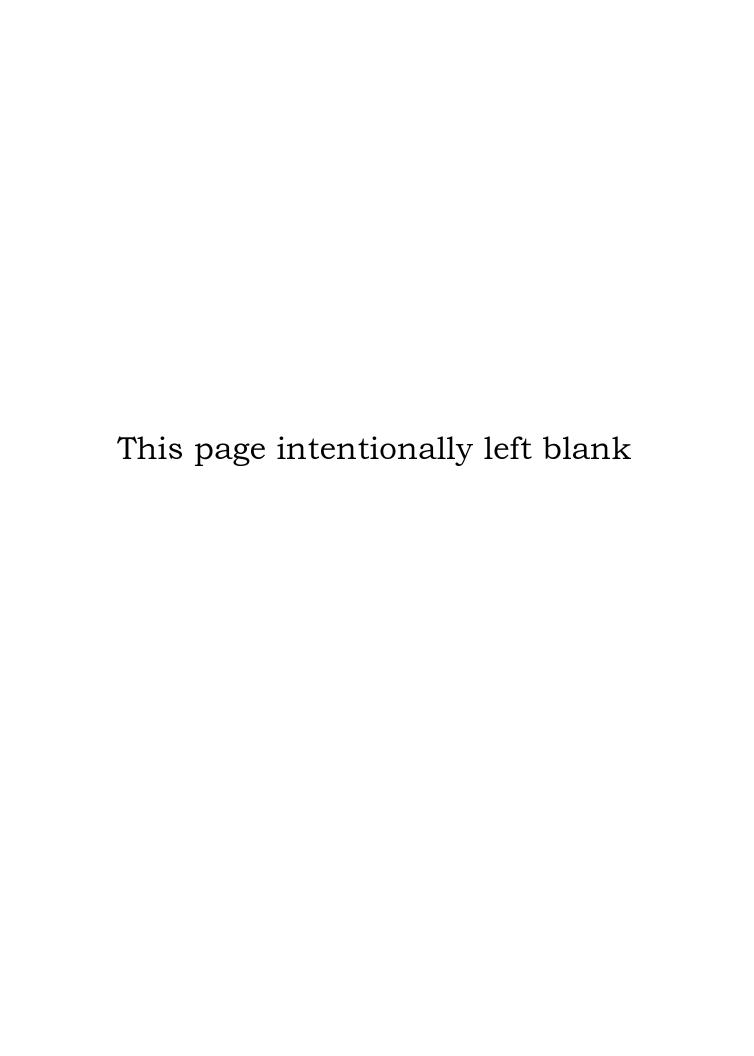

#### Peace Officers' Retirement, Accident and Disability System

| ACTUARIAL<br>VALUATION<br>DATE | ACTUARIAL<br>VALUE OF<br>ASSETS | ACTUARIAL<br>ACCRUED<br>LIABILITY* | UNFUNDED<br>ACTUARIAL<br>ACCRUED<br>LIABILITY (UAAL) | FUNDED<br>RATIO | COVERED<br>PAYROLL | UAAL AS A PERCENTAGE OF COVERED PAYROLL |
|--------------------------------|---------------------------------|------------------------------------|--|-----------------|--------------------|---|
| 07/01/98                       | \$ 207,650                      | \$ 178,631                         | \$ (29,019)  | 116.25%         | \$ 26,992          | (107.51%)                               |
| 07/01/99                       | 219,463                         | 187,312                            | (32,151)   | 117.16%         | 28,593             | (112.44%)                               |
| 07/01/00                       | 239,568                         | 240,785                            | 1,217  | 99.49%          | 30,304             | 4.02%                                   |

\* This amount is based on the Projected Unit Credit Method. The Aggregate Cost Method is used to determine the required contribution. This is provided for informational purposes only.

The significant decrease in funded AAL for the July 1, 2000 valuation was primarily due to changes in benefits effective July 1, 2000. The calculation of service retirement benefits changed and the maximum benefit increased from 75 percent to 88 percent of a member's average final compensation.

# COMBINING FINANCIAL STATEMENTS

# COMBINING FINANCIAL STATEMENTS

# Special Revenue Funds

**Special Revenue Funds** are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Clarinda Correctional Facility Telephone Rebate Fund receives inmate telephone rebates to be used for the benefit of the inmates.

**HAWK-I Trust Fund** receives state appropriations, contributions, and participant payments to be used for a children's health insurance program.

Mount Pleasant Correctional Facility Telephone Rebate Fund receives inmate telephone rebates to be used for the benefit of the inmates.

**Iowa Public Television Foundation** is a non-profit corporation that solicits and manages gifts of money and property for Iowa Public Television.

**Other Special Revenue Funds**, these funds are aggregated for reporting purposes, and account for various other revenues which must be used for specific purposes.

# COMBINING FINANCIAL STATEMENTS

# **Enterprise Funds**

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the State is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where the State has decided that a periodic determination of net income is appropriate for accountability purposes.

**Iowa Communications Network** accounts for a statewide telecommunications system and its related revenues and expenditures.

**Iowa Lottery** is used to account for lottery revenues, administrative and operating expenses of the Lottery division, and the distribution of revenue to the General Fund.

**Underground Storage Tank Insurance Fund** offers financial assurance for claims from leaking underground storage tanks to qualified owners/operators.

**Iowa State Prison Industries Fund** accounts for the revenues and expenses related to the sale of products made by the various prison industries.

**Other Enterprise Funds**, aggregated for reporting purposes, account for other miscellaneous activities that meet the definition of Enterprise funds.

# COMBINING FINANCIAL STATEMENTS

#### **Internal Service Funds**

Internal Service funds account for State activities that provide goods and services to other State departments or agencies on a cost reimbursement basis.

**Materials and Equipment Revolving Fund** accounts for the purchase, repair, maintenance, and replacement of equipment, machinery, and supplies used by the Department of Transportation.

**Health Insurance Premium Reserve Fund** accounts for health insurance deductions from payroll, to pay estimated claims that would be outstanding at the point the State discontinued to pay the health carrier on behalf of State employees.

**Health Insurance Premium Operating Fund** receives health insurance deductions from payroll to reimburse the health carrier on behalf of covered State employees.

**Depreciation Revolving** receives monthly depreciation payments from State departments owning vehicles. The money is used to purchase replacement vehicles for the departments.

**Other Internal Service Funds**, aggregated for reporting purposes, account for other miscellaneous activities that meet the definition of Internal Services funds.

# COMBINING FINANCIAL STATEMENTS

#### Trust and Agency Funds

#### Expendable Trust Funds

Expendable Trust funds account for assets held by the State in a trustee capacity where the principal and income may be expended in the course of the funds' designated operations.

**Unemployment Benefits Fund** receives federal funds for unemployment benefits which are distributed in accordance with federal guidelines.

**Unclaimed Property** accounts for assets that have not been claimed by the original owner from corporations, banks, insurance companies, etc. A portion of this money stays in the account to pay claims while the rest is transferred to the general fund.

**Grain Indemnity** receives a per bushel fee on grain sold from elevators with new licenses or amended licenses, and the liquidation proceeds from bankrupt grain elevators to compensate farmers for losses incurred from storing grain in defaulted elevators.

**Iowa Educational Savings Plan Trust** receives contributions from participants for investment for future application towards payment of higher education costs for designated beneficiaries.

**Other Expendable Trust Funds**, aggregated for reporting purposes, account for other miscellaneous expendable trust funds. These are generally resources given to the State through trust agreements and institutional canteens ran for the benefit of the residents/inmates.

#### Nonexpendable Trust Funds

Nonexpendable Trust funds account for assets held by the State in a trustee capacity where only income derived from the trust principal may be expended for designated operations. The principal must be preserved intact.

**Permanent School Principal Fund** accounts for the principal derived from the sale of specific land. The interest is to be used for educational purposes.

**Iowa Braille and Sight Saving School** accounts for gifts and bequests given for the betterment of the school.

**Pilot Grove Trust Fund** accounts for a \$10,000 donation in support and maintenance of the Pilot Grove area.

**Henry Albert Trust** accounts for trust money for the Department of Public Health and transfers the applicable interest to the Department.

#### Pension Trust Funds

Pension Trust funds account for transactions, assets, liabilities, and net assets available for plan benefits of the various State employee retirement systems. See Note 18 - Pension Plans.

#### Agency Funds

Agency funds account for the receipt and disbursement of various taxes, deposits, deductions, and property collected by the State, acting in the capacity of an agent, for distribution to other governmental units or organizations.

**Local Sales and Services Tax** is used to account for local option sales taxes collected by retailers and deposited with the State. The taxes are then distributed back to the counties which have jurisdictions imposing local option sales tax.

**Centralized Payroll Trustee** is used to account for accumulation of all voluntary and discretionary payroll deductions from the centralized payroll process.

**Judicial-Clerks of District Court** act as a collecting agency for many fees and taxes that are then distributed to the proper local government or recipient.

**School District Surtax Clearing Fund** collects and distributes surtax to the school districts according to the surtax formula set by the districts.

**Other Agency Funds**, aggregated for reporting purposes, represent amounts held for inmates and residents of State institutions, miscellaneous clearing accounts, and other deposits.

# COMBINING FINANCIAL STATEMENTS

# **University Funds**

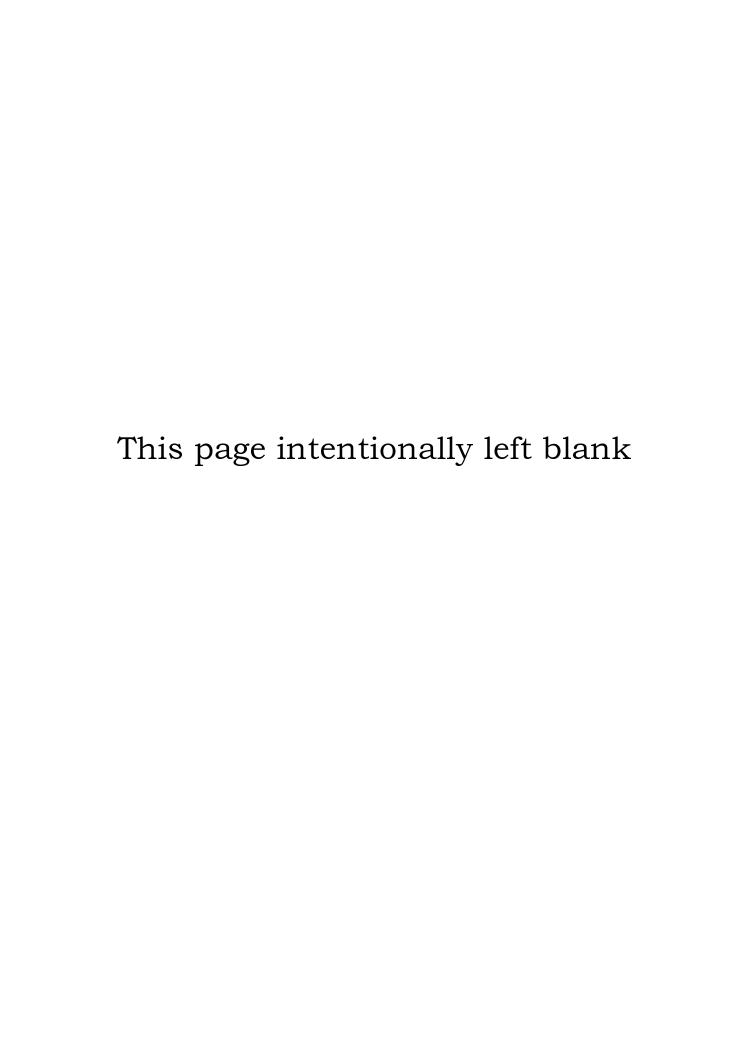

University funds are maintained to account for operations of public institutions of higher education. These institutions maintain their own financial records which are not a part of the central accounting system of the State. The State University of Iowa, Iowa State University, and the University of Northern Iowa comprise this group.
